

FERTIBOR®

Sodium Borate 15% B

Sodium borate for the manufacture of ammoniated, granulated, and suspension fertilizers

Sodium Tetraborate Pentahydrate

$\text{Na}_2\text{B}_4\text{O}_7 \cdot 5\text{H}_2\text{O}$

CAS No. 12179-04-3

GUARANTEED ANALYSIS:

Boron (B)* 15.0%

*Derived from sodium borate.

6.7 lbs. of *Fertibor* provides

1 lb. of boron (B).

Manufactured under management systems
compliant with ISO 9001 and ISO 14001

Directions for use: *Fertibor*® 15.0% B is a free flowing granular material which is highly soluble without residue and is used in the manufacture of solid, liquid, and suspension compound fertilizers. It may also be applied directly to soil to correct deficiency in some perennial plantation crops and incorporated into solid growing media or composts. Use only on the basis of soil and or tissue analysis, and on the recommendations of county agricultural authority. Recommended rates vary with timing, placement and methods of application. **Applications above recommended rates may cause injury to sensitive crops. Use only as directed.**

CAUTION: This plant nutrient contains boron and should be used only as recommended. It may prove harmful when misused. Use of boron on any crops other than those recommended may result in serious injury to the crop(s). Excessive amounts may cause damage to susceptible crops. For additional information and crop recommendations contact your local extension service, crop advisor or www.borax.com/agriculture.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.htm> (once entering the State site, select U S Borax Inc as the registrant or firm).

NOT FOR RETAIL OR CONSUMER USE.

Warning Advertencia

EN Disodium tetraborate pentahydrate

Suspected of damaging fertility. Suspected of damaging the unborn child.

Causes serious eye irritation.

Do not handle until all safety precautions have been read and understood.

Wear eye protection.

IF exposed or concerned: Get medical advice/attention.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Dispose of contents/container in accordance with local regulation.

KEEP OUT OF REACH OF CHILDREN. Do not ingest. Not for use in drugs, pesticides or for food preservation. Refer to safety data sheet. Use only as directed.

ES Tetraborato disódico pentahidrato

Se sospecha que daña la fertilidad o al niño nonato. Provoca irritación ocular graves.

No manipular hasta haber leído y comprendido todas las precauciones de seguridad.

Utilizar protección ocular.

Si hay exposición o preocupación: Obtener atención/asesoramiento médico.
