---	---

FOR DISTRIBUTION AND USE ONLY IN THE STATE OF CALIFORNIA

Directions for Use

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- The user must refer to the federally approved label for the above noted product and read and follow all directions for use, restrictions, and precautions.
- The user should have this recommendation in its possession at the time of use.
- This recommendation for use of this product is permitted under Section 2(ee) of FIFRA and has not been submitted to or been approved by EPA.

Alternaria leaf spot: If monitoring or history indicates the presence of Alternaria, apply 8 oz/A of Fitness Fungicide in the late spring (mid-April to beginning of May) and then repeat the treatment 2-3 weeks later.

Make no more than two consecutive applications before rotating to a fungicide with a different mode of action (not a Group 3).

Notes:

- DO NOT apply Fitness Fungicide within 60 days prior to harvest.
- DO NOT apply more than 32 fluid oz. product per acre per crop season.
