Active Ingredients (By Weight):

Nonionic and Anionic Surfactants,
Fatty Alcohol and butoxyethanol 35.0%

Inert Ingredients:

Alcohols, Conditioners, and Constituents
Ineffective as an Adjuvant 65.0%
Total 100%

CAUTION

KEEP OUT OF REACH OF CHILDREN

Read the entire label for additional precautionary statements.

Manufactured By:
Coastal AgroBusiness, Inc.
Greenville, North Carolina

GENERAL INFORMATION

FOAM MARKER is a unique blend of foaming surfactants, sequestering agents, and additives that produce a highly stable and durable foam. This blend of special agents allows it to perform in foam marking applications where hard water or adverse weather conditions might exist. The rich foam produced by **FOAM MARKER** is highly visible and aids in reducing over-applications of pesticides or fertilizers. **FOAM MARKER** also contains optical brighteners for added brilliance and visibility.

PRECAUTIONARY STATEMENTS / HAZARDS TO HUMANS

Caution: Harmful if swallowed, inhaled, or absorbed through the skin. Avoid breathing vapors or spray mist. Avoid contact with skin, eyes, or clothing. Do not apply this product in such a manner as to directly or through drift expose workers or other persons. Read the entire label before using this product.

FIRST AID

If swallowed: Call a physician immediately. Only induce vomiting at the instruction of a physician. Never give anything by mouth to an unconscious person.

If in eyes: Flush eyes with copious amounts of clean water for at least 15 minutes. Remove contacts if present, and easy to do. Do not let the victim rub their eye. Get medical attention.

If on skin: Remove contaminated clothing and wash skin with soap and water. If irritation develops, get medical attention.

If inhaled: Remove the person from the area of exposure. Give artificial respiration if necessary. If breathing is difficult, give oxygen if a qualified operator is available. Seek medical attention.

STORAGE AND DISPOSAL

For optimum storage stability, store at temperatures between 40 and 90 degrees Fahrenheit. Avoid contact with eyes and skin. Do not store near oxidizing agents. Do not allow to freeze.

Container Disposal: Triple rinse or equivalent and add rinsate to spray tank, then offer for recycling, reconditioning, or puncture and dispose of according to state and local authorities. If burned, stay out of smoke.

AGRICULTURAL USE REQUIREMENTS AND USER SAFETY RECOMMENDATIONS

Eye protection and waterproof gloves are recommended when handling this product.

DIRECTIONS FOR USE

IMPORTANT: It is recommended that water temperatures not exceed 80 degrees Fahrenheit or drop below 25 degrees Fahrenheit when applying a foam concentrate.

Foam Marker can be used at dilutions which range from 80:1 to 120:1. The standard usage rate in most conditions will be 100:1 or 1 gallon (128 fluid ounces) of **FOAM MARKER** per 100 gallons

of water when water hardness is between 300 and 1000 ppm. Under conditions where soft water exists, a rate of 160:1 may be used or 0.625 gallons (80 fluid ounces) of **FOAM MARKER** per 100 gallons of water. Under extreme water hardness conditions, a rate of 80:1 or 1.25 gallons (160 fluid ounces) per 100 gallons may be required.

Note: If the foam is runny, add additional **FOAM MARKER** until the foam reaches optimum consistency. If the foam consistency is too thick, dilute the mixture further with water.

ALWAYS READ AND FOLLOW LABEL DIRECTIONS

SHAKE WELL BEFORE USE

KEEP FROM FREEZING

WARRANTY

Coastal AgroBusiness, Inc. warrants that this product, when used as directed and in accordance with sound agricultural practices, is reasonably fit for the purposes stated on the label.
