

Pinene S[®]

Extender and Sticker

PRINCIPAL FUNCTIONING AGENTS:

Beta-Pinene Polymer	96.0%
CONSTITUENTS INEFFECTIVE AS SPRAY ADJUVANT	4.0%
TOTAL	100.0%

All requirements are exempt from tolerance requirements under 40 CFR 180.

PINENE S contains a UV inhibitor to protect crop foliage from sunlight damage.

CAUTION

KEEP OUT OF REACH OF CHILDREN

Harmful if inhaled. Avoid breathing spray mist. Remove and wash contaminated clothing before reuse.

FIRST AID

Call a poison control center or doctor immediately for treatment advice.

If Swallowed: Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye.

4 x 1 U.S. Gallons

GENERAL INFORMATION

PINENE S® is a quality sticking agent intended for use with most crop protection products in which the label permits the use of a spreader sticker. **PINENE S**® is compatible in spray solutions with most commercial crop protection and foliar feed micronutrients. A thin coating of **PINENE S**® solution bonds the pesticide to the crop foliage. This decreases the risk of residue erosion from rainfall or irrigation.

DIRECTIONS FOR USE

Add **PINENE S**® to the spray tank as it is filling, with the agitator running. Under most circumstances, apply solution with **PINENE S**® a minimum of one hour, during sun up, before an expected rainfall. Sunlight during this time frame is necessary to adhere the bond.

This Product Cannot Be Used For Aquatic Applications.

Use of **PINENE S**® with tolerance exempt pesticides near or at harvest might produce visible residue. This condition may render the crop(s) unsaleable. If this is a potential problem the **PINENE S**® rate may be reduced, or the addition of **PINENE S**® should be suspended at or near harvest. **PINENE S**® has NO LIMITATIONS on non-food crops.

FOR USE WITH

Insecticides

Fungicides

Hormonal Herbicides

Foliar Nutrient Sprays

*Roundup® (Glyphosate)

**Roundup® is a registered trademark of Monsanto.*

STORAGE AND DISPOSAL

Keep in original container. Store above 32°F. Before disposing of container, triple rinse, then offer container for recycling or reconditioning, or puncture and dispose of in a sanitary landfill. Do not reuse empty container. Dispose of container in a safe manner in accordance with federal, state, and local regulations. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrcycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

WARRANTY

COLUMBIA RIVER warrants that this product, when used as directed and in accordance with sound agricultural practices, is reasonably fit for the purposes stated on the label. Buyer assumes the risk of any use contrary to the directions so stated. COLUMBIA RIVER will not be liable for indirect or consequential damages. COLUMBIA RIVER makes no other expressed or implied warranty of Fitness or Merchantability. This warranty shall not be changed by oral or written agreement unless signed by a duly authorized officer of COLUMBIA RIVER. In no event shall COLUMBIA RIVER'S liability for any breach of warranty exceed the purchase price of the product to which a claim is made. SN: 0352-XXXXXX
