

MICRO-MIX

Not for Foliar Application

GUARANTEED ANALYSIS

Sulfur (S)	2.00%
2.00% Combined Sulfur (S)	
Copper (Cu)	0.25%
0.25% Chelated copper (Cu)	
Manganese (Mn)	3.00%
1.50% Chelated Manganese (Mn)	
1.50% Water Soluble Manganese (Mn)	
Zinc (Zn)	3.00%
3.00% Chelated (Zn)	

Derived from: Copper Ammonium Chitrate, Manganese Sulfate, Manganese Ammonium Citrate, Zinc Ammonium Chitrate

Micro-Mix is specifically formulated for use in high phosphate materials which are commonly applied in a row as a "Starter" or "pop-up" fertilizer. Micro-Mix is compatible with most 10-34-0 and/or pesticide combinations.

DIRECTIONS FOR USE

Always make a small scale test to assure compatibility in your material. Then add Micro-Mix to a partially filled planter tank and complete filling process. A small amount of agitation is suggested for thorough distribution. When mixing in a batch tank, add product to water or nitrogen solution before adding phosphate material.

RECOMMENDED RATES

Broadcast Application:

Severe Deficiency.....	4 qts. per acre
Moderate Deficiency.....	2 qts. per acre
Maintenance.....	1 qt. per acre

Row Application: Use at a rate of two quarts per acre as a supplement to broadcast applications, preferably of an inorganic micronutrient source.

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions for use. Since weather, crop, soil and other conditions may vary, Harvey Fertilizer and Gas Company, Kinston, NC, and/or the Seller make no warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risks of use of handling whether or not in accordance with directions or suggestions.

WARNING

Causes skin irritation
Causes serious eye irritation
May cause respiratory irritation
May cause damage to central nervous system through prolonged or repeat exposure

Prevention: Do not breathe vapors, mists or sprays. Wash thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear protective gloves, chemical splash proof goggles, and face protection.
Response: Get medical attention/advice if you feel unwell.

If on skin (or hair): Wash with plenty of water. Take off contaminated clothing and wash it before reuse. If skin irritation occurs: Get medical attention.
If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention.
If Ingested: Rinse mouth. Do NOT induce vomiting. Drink large amounts of water. Never give anything by mouth to an unconscious person. Call doctor or Poison Control.
If Inhaled: Remove person to fresh air and keep comfortable for breathing. Provide artificial respiration if necessary. Get medical attention for any breathing difficulty.
Storage: Store in a well ventilated place. Keep container tightly closed. Store locked up. Store in polyethylene, polypropylene or fiberglass. (See Section 7 of SDS)
Disposal: Dispose of contents/containers in accordance with local/regional/national regulations (See Section 13 of SDS). Do not reuse container. Triple rinse containers before disposal.
