

SOIL BREAKER

Soil Conditioner & Ground Penetrant

GENERAL INFORMATION

SOIL BREAKER is a formulation of non-ionic wetting agents and organic acids designed to break up the molecular structure of hard crusty soils allowing water penetration to the rooting areas of plants. SOIL BREAKER helps save on repeated waterings, prevents puddling and aerates the soil.

SOIL BREAKER contains humic acid which will aid in conditioning the soil and increase the CEC capacity. When adding SOIL BREAKER to liquid fertilizer, the components in this product will aid in the movement of nutrients to the root zone and allow the nutrients to become more readily available. SOIL BREAKER is also an excellent tool for use with seed crops to increase germination.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.html>

PRINCIPAL FUNCTIONING AGENTS

Alkylpolyethylene Glycol Ether, Alkylarypolyoxyethylene Glycols, Humic Acid.....	75.0%
Inert Ingredients.....	25.0%
TOTAL.....	100.0%

Wt/Gal: 9.1 Lb @ 68°F

Gr/Ltr: 1091 g @ 20°C

RATES FOR USE

Broadcast Application:

Use 1-3 gallons Soil Breaker per acre.

Banded Application:

Use approximately 1/2 - 1 gallon Soil Breaker per acre.

Soil Breaker may be also applied to liquid fertilizer at the above dosage.

**KEEP OUT OF
REACH OF CHILDREN**

WARNING

PRECAUTIONARY STATEMENTS

WARNING Hazardous to humans and animals. Causes eye and skin irritations. Ingestion may cause nausea. When mixing or applying agricultural sprays, always wear spray goggles and impervious gloves plus protective clothing as recommended on pesticide labels.

FIRST AID

If this product gets into the eyes, immediately wash the eyes with large amounts of water for at least 15 minutes, occasionally lifting the upper and lower lids. Obtain immediate medical treatment. If this product gets on the skin, immediately wash the contaminated area. Seek medical attention if skin irritation persists. If this product has been swallowed and the person is conscious, immediately give large volumes of water. Do not induce vomiting. Seek immediate medical attention.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Follow all governmental procedures for the disposal of pesticide spray solutions. Rinse container, empty rinsate into spray tank. Dispose of empty container according to approved local practices.

CONDITIONS OF SALE

Follow directions carefully. Timing and methods of application, weather and crop conditions, mixtures with other chemicals not specifically recommended and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
