## CAUTION

EPA Reg. No. 100-1374

**All applicable directions, restrictions and precautions on the EPA registered label are to be followed. Before using Vibrance as permitted according to this Supplemental Labeling, read and follow all applicable directions, restrictions, and precautions on the EPA registered label, on or attached to the pesticide product container. This Supplemental Labeling contains revised use instructions and/or restrictions that may be different from those that appear on the container label. This Supplemental Labeling must be in the possession of the user at the time of pesticide application. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.**

**syngenta**

## DIRECTIONS FOR USE

### TANK MIXES

**Rice:** For additional control of certain seed- and seed-borne pathogens, Vibrance may be combined with seed treatment products containing mefenoxam, fludioxonil, and/or azoxystrobin. For insect control, Vibrance may be tank mixed with a seed treatment product containing thiamethoxam and fludioxonil, azoxystrobin, and/or mefenoxam. Consult each product label for registered use rates and follow all label use instructions. Follow the most restrictive label precautions and limitations. It is the pesticide user's responsibility to ensure that all products are registered for the intended use. Read and follow the applicable restrictions and limitations and directions for use on all product labels involved in tank mixing. Users must follow the most restrictive directions for use and precautionary statements of each product in the tank mixture.
