

80/20 PREMIUM SURFACTANT

Non-Ionic Surfactant

Principal Functioning Agents:

3-oxapentane-1,5-diol, propane-1,2,3-triol, alkylphenol ethoxylate, polydimethylsiloxane	80%
Constituents Ineffective as Spray Adjuvants	20%
TOTAL	100%

KEEP OUT OF REACH OF CHILDREN

WARNING

Hazard Statements: Harmful if swallowed. Causes skin irritation. Causes serious eye irritation. **Precautionary Statements:** Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. **Environmental Precautions:** Prevent further leakage or spillage if safe to do so. Do not contaminate water when cleaning equipment or disposing of equipment washwaters. Do not allow to enter drains, sewers, or watercourses.

NET CONTENTS: 2.5 GAL. (9.46 L)

Personal Protective Equipment: Wear protective gloves/protective clothing/eye protection/face protection.

First Aid: If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. **If in eyes:** Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. **If swallowed:** Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

FOR A MEDICAL EMERGENCY INVOLVING THIS PRODUCT, CALL 1-866-944-8565.

GENERAL: 80/20 PREMIUM SURFACTANT is a low-foaming, non-ionic type surfactant. It is used as a spray tank adjuvant to reduce surface tension of spray solutions and to improve wetting and distribution of pesticides on plants and into soil.

DIRECTIONS FOR USE: When added in the spray tank, 80/20 PREMIUM SURFACTANT provides more thorough and uniform wetting by reducing surface tension of the spray mixture. Also follow precautions and directions for all the spray materials used. Variations in conditions, such as result from water type, equipment, plant maturity, weather conditions and other factors, may cause some variation in the amount of 80/20 PREMIUM SURFACTANT needed. The application rates on this label are based on pesticide labels which recommend the use of a non-ionic surfactant. Rates of this product may be increased or decreased. For optimum results, follow pesticide labeling for proper recommendations. Before using 80/20 PREMIUM SURFACTANT where a non-ionic surfactant may not be recommended, the user or applicator advisor must have experience with the combination or must have conducted a phytotoxicity trial.

MIXING INSTRUCTIONS: For wettable powders and water soluble materials, add 80/20 PREMIUM SURFACTANT in water before adding pesticide to spray tank. For emulsifiable products, add 80/20 PREMIUM SURFACTANT after a good emulsion is formed.

For Use with Acaricides, Insecticides, Fungicides, Miticides (livestock sprays): Use 3 to 8 fluid ounces per 100 gallons of water.

For Use with Herbicides, Defoliants, Desiccants, Wettable Powders: Use 1 to 4 pints per 100 gallons of water.

For use in Utility and Highway R.O.W. and in Forest Site Preparation: Use 1 to 4 pints per 100 gallons of water.

Foliar Nutrients: Use 1 pint per 100 gallons of water.

In difficult wetting situations (such as hard water on mature waxy foliage) the higher rates may be required.

NOT FOR AQUATIC USE IN WASHINGTON STATE.

STORAGE AND DISPOSAL

STORAGE: Store in cool, dry place. Store in original container. Keep container tightly closed. Do not reuse empty container.

DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. Dispose of contents/container at an approved waste disposal facility. Triple rinse (or equivalent) adding rinse water to spray tank. Offer container for recycling or dispose of container in sanitary landfill, or by other procedures approved by appropriate authorities. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrcycle.org.

For help with any spill, leak, fire or exposure involving this material, call day or night CHEMTREC 1-800-424-9300.

CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

BEFORE BUYING OR USING THIS PRODUCT, read the Directions for Use and the following Conditions of Sale and Limitation of Warranty and Liability. By buying or using this product, the buyer or user accepts the following Conditions of Sale and Limitation of Warranty and Liability, which no employee or agent of LOVELAND PRODUCTS, INC. or the seller is authorized to vary.
