

QUENCH™

Guaranteed Analysis 0-0-0

Cobalt (Co)	2.00%
Iron (Fe)	0.50%
Nickel (Ni)	0.50%

Derived from cobalt sulfate, ferrous chloride and nickel sulfate, chelated with ethanol, 2-amino-2-hydroxy-1,2,3-propanetricarboxylate.

CAUTION

Keep out of Reach of Children • May Cause Eye Irritation

USER SAFETY RECOMMENDATIONS

Avoid contact with skin, eyes or clothing. Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove wet clothing immediately. Wash skin thoroughly and put on clean clothing.

FIRST AID

Call a poison control center or doctor for treatment advice. Have product container or label with you when calling a poison control center, or doctor, or going for treatment. If in eyes: Hold eyes open and rinse slowly and gently with water for 15 to 20 minutes. If on skin: Take off contaminated clothing and rinse skin immediately with plenty of water for 15 to 20 minutes.

ENVIRONMENTAL HAZARDS

Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash water.

STORAGE AND DISPOSAL

Store this product out of direct sunlight, in a cool place above 40°F. Do not contaminate water, food or feed by storage or disposal. Do not reuse empty container. Dispose of empty container in a sanitary landfill or, if allowed by state and local authorities by burning. If burned, stay out of smoke.

COMPATIBILITY: Quench is tank-mix compatible with most pesticides and fertilizers. Always conduct a compatibility test for new or untried tank-mix combinations.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals>.

QUENCH™

F001601

Z-QUENCH

Manufactured by Stoller Enterprises, Inc.
4001 W. Sam Houston Parkway North, Suite 100 | Houston Texas 77043 USA
Phone: 1-800-539-5283 or 713-461-1493 | Fax: 713-461-4467

GENERAL INFORMATION

Quench contains available forms of chelated divalent metals essential to plant growth using Stoller's proprietary Keylate® technology. Quench uses divalent metals to increase the energy capability in all plant cells and growth factors to maintain and use this energy. Quench can be applied to the crop anytime nitrogen is applied to replace 30% nitrogen that is normally applied.

DIRECTIONS FOR USE

It may be in violation of state law to use this product inconsistent with its labeling; always read and follow the label when using this product.

Use Quench as a foliar spray or through irrigation from seedling emergence through harvest to increase plant energy. Quench will protect plants from drought, heat, insect, disease and other stressful events. Apply the recommended amount in a volume sufficient to provide thorough coverage.

RECOMMENDED USES

Apply Quench 8-16 ounces per acre anytime when nitrogen is applied to the following **Field Crops**: alfalfa, asparagus, bean crops, canola, clover, corn, cotton, cruciferous crops, cucurbits, melons, milo, onion/garlic, peanut, pepper, potato, rape (canola), rice, soybean, sugar beet, sugarcane, sunflower, tobacco, tomato, vegetable crops, wheat/barley/oat; or **Fruit and Nut Crops**: almond, apple, apricot, avocado, banana, berry crops, cherry, citrus, coffee, fig, filbert, grapes, hazelnut, oil palm, olive, persimmon, peach, pear, pecan, pistachio, plums/prunes, pomegranate, strawberry and walnut.

For crops like alfalfa and soybean, Quench may be applied though foliar or irrigation water in order to replace nitrogen that is applied to those crops.

Notice: The information contained herein is true and accurate to the best of our knowledge and belief, but is presented without guarantee since field conditions and use are beyond our control. Neither the manufacturer nor the seller make any warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use of this material when such use is contrary to label instruction. Read and follow the label directions carefully. **CONDITIONS OF SALE:** 1. Seller warrants that this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. No one, other than an officer of Seller, is authorized to make any warranty, guarantee of direction concerning this product. 2. Because of time, place, rate of application and other conditions of use are beyond sellers control, Sellers liability from handling, storage and use of this product is limited to replacement of product or refund of purchase price.
