

**REJUVENATE™**  
ANTI-OXIDANT

**Guaranteed Analysis**  
**0-0-3**

Soluble Potash (K<sub>2</sub>O) 3.0%  
Derived from potassium hydroxide.

**CAUTION**

**Keep out of Reach of Children • May Cause Eye Irritation**

**USER SAFETY RECOMMENDATIONS**

Avoid contact with skin, eyes or clothing. Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove wet clothing immediately. Wash skin thoroughly and put on clean clothing.

**FIRST AID**

Call a poison control center or doctor for treatment advice. Have product container or label with you when calling a poison control center, or doctor, or going for treatment. If in eyes: Hold eyes open and rinse slowly and gently with water for 15 to 20 minutes. If on skin: Take off contaminated clothing and rinse skin immediately with plenty of water for 15 to 20 minutes.

**ENVIRONMENTAL HAZARDS**

Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash water.

**STORAGE AND DISPOSAL**

Store this product out of direct sunlight, in a cool place above 40°F. Do not contaminate water, food or feed by storage or disposal. Do not reuse empty container. Dispose of empty container in a sanitary landfill or, if allowed by state and local authorities by burning. If burned, stay out of smoke.

**COMPATIBILITY:** Rejuvenate is tank-mix compatible with most pesticides and fertilizers. Add Rejuvenate to the diluted solution last. Always conduct a compatibility test for new or untried tank-mix combinations.

**GENERAL INFORMATION**

Rejuvenate is a liquid antioxidant that increases photosynthesis and prepares crop plants to transfer more sugar into plant nodes to create strong flowers, fruits, seeds, and other economically important, harvestable storage tissues. Rejuvenate will increase flower and fruit uniformity and the development of late flowers and fruit by forcing the mother plant to give increased amounts of sugars to each of her progeny. Resulting in uniform sized and completely filled beans and pods, bolls, kernels, grains, fruits and storage tissues and vegetables of increased market value.

**DIRECTIONS FOR USE**

It may be in violation of state law to use this product inconsistent with its labeling; always read and follow the label when using this product.

**RECOMMENDED USES**

Apply Rejuvenate to the crop foliage every 7 days. Begin applications when plants have 2 to 4 true leaves and continue through harvest. Apply Rejuvenate at 1 pint per acre in a volume sufficient to provide uniform coverage. Rejuvenate can be used on the following Field Crops: alfalfa, asparagus, bean crops, canola, clover, corn, cotton, cruciferous crops, cucurbits, melons, milo, onion/garlic, peanut, pepper, potato, rape (canola), rice, soybean, sugar beet, sugarcane, sunflower, tobacco, tomato, vegetable crops, wheat/barley/rye/oat; and on the following Fruit and Nut Crops: almond, apple, apricot, avocado, banana, berry crops, cherry, citrus, coffee, fig, filbert, grapes, hazelnut, oil palm, olive, persimmon, peach, pear, pecan, pistachio, plums/prunes, pomegranate, strawberry and walnut.

**SPECIALTY APPLICATION TIMINGS**

**Corn:** to develop large ears with uniform kernels apply at 7<sup>th</sup> to 9<sup>th</sup> leaf stage. **Wheat, barley, milo, or rye:** to promote grain set/fill apply up to 7 days before seed head appearance. **Soybeans:** For maximum pod set and fill apply at R2 and repeat every 7 days for 3 weeks. **Canola:** to promote uniform grain fill apply at 30% pod set. **Multiple flowering vegetable plants:** begin applications when the first fruit is set and continue at 7-day intervals until harvest. **Potatoes, sugar beets, onions, or carrots:** make first application when the storage tissue begins to accumulate sugars and continue every 7 days through harvest.

**Notice:** The information contained herein is true and accurate to the best of our knowledge and belief, but is presented without guarantee since field conditions and use are beyond our control. Neither the manufacturer nor the seller make any warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use of this material when such use is contrary to label instruction. Read and follow the label directions carefully. **CONDITIONS OF SALE:** 1. Seller warrants that this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. No one, other than an officer of Seller, is authorized to make any warranty, guarantee or direction concerning this product. 2. Because of time, place, rate of application and other conditions of use are beyond sellers control, Sellers liability from handling, storage and use of this product is limited to replacement of product or refund of purchase price.
