

Fast Trak

Water Conditioning / Absorption Agent

GENERAL INFORMATION

Rate of **Fast Trak** may vary with the conditions of application. Add as the last ingredient when mixing with wettable powders, dispersable granules, and other materials designed to be mixed with plain water. Add first when spraying materials sensitive to hard water or high pH. Always add with agitator running.

Always read and follow the entire pesticide label for proper timing rates, specific directions and any special use precautions or regional use recommendations.

STORAGE AND DISPOSAL

Prohibitions: Do not contaminate water, food or feed by storage, disposal or cleaning of equipment.

Storage: Store in original container only and keep sealed. Store in closed storage areas. Use caution when moving, opening, closing or pouring.

PRODUCT DISPOSAL: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse container (or equivalent) during mixing and loading. Recycle decontaminated containers in the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler, visit the ACRC website page at www.acrcycle.org. Decontaminated containers may also be disposed in a sanitary landfill.

PRINCIPAL FUNCTIONING AGENTS:

Dicarbamide, Dihydrogen Sulfate, Ammonium Sulfate	51.00%
Constituents Ineffective as Spray Adjuvant	49.00%
Total	100.00%

KEEP OUT OF REACH OF CHILDREN WARNING Hazard Statements

Causes eye irritation.

FIRST AID

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious or convulsing person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

IF ON SKIN OR CLOTHING: Wash skin with plenty of water. Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention.

PRECAUTIONARY STATEMENTS

WARNING: Causes eye irritation. May be harmful if swallowed. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco. Remove and wash contaminated clothing before reuse.

PERSONAL PROTECTIVE EQUIPMENT

Applicators and other handlers must wear: Chemical-resistant gloves, long-sleeved shirt and long pants, and shoes plus socks.

SUGGESTIONS FOR USE

Fast Trak should be used in spray applications where pesticide requires an ammonium sulfate or ammonium nitrate type additive. **Fast Trak** is formulated to minimize corrosiveness or abrasiveness to spray nozzles.

Fast Trak should also be used with pesticides that are enhanced by acidic spray solutions.

Use Rates: Use 1 to 4 pints per 100 gallons of solution.

Fast Trak is intended for use with herbicides such as Glyphosate Products, Poast, Gramoxone Inteon and any others where ammonium sulfate is recommended.

NOTE: Use caution when tank mixing **Fast Trak** with pesticides that are adversely affected by low pH spray solutions. If the pesticide manufacturer requires the use of a surfactant, then always include a non-ionic surfactant labeled for such use, such as **POWER-LINE Surf 90**. Surfactant must contain at least 90% active ingredient.

NOTICE: The statements made on this label are believed to be true and accurate but because of conditions of use which are beyond our control. Power-Line Products does not make nor does it authorize any agent or representative to make any warranty, guarantee or representation, expressed or implied, concerning this material or the use thereof, except in conformity with the statements of the label. Neither Power-Line Products nor the seller shall be held responsible in any manner for any personal injury or property damage or loss resulting to the buyer or to the other person from handling, storage or use of this material not in accordance with the directions. The buyer assumes all risk and liability resulting from improper handling, storage or use and accepts and uses this material on these conditions. Ingredients exempt from the requirement of a tolerance under 40 CFR 180.

NOT FOR AQUATIC USE
