

MicroBlend Foliar Zn-Mn-Cu

DESCRIPTION

MicroBlend Foliar Zn-Mn-Cu is a foliar applied liquid nutrient product designed to provide Zinc (Zn), Manganese (Mn), Copper (Cu) and Sulfur (S) that may be deficient in the soil or plant.

DIRECTIONS FOR USE

MicroBlend Foliar Zn-Mn-Cu should be applied as a foliar spray. Spray in the late evening, early morning and nighttime in order to allow for maximum time for absorption. DO NOT spray in the heat of the day. DO NOT spray to the point of runoff. Use as fine a spray mist as possible. Allow 3-4 hours after application before rains or sprinkler irrigation in order to avoid washing off of the product.

MicroBlend Foliar Zn-Mn-Cu is compatible with a wide range of nutrient and pesticide solutions and may be applied as a tank mix solution. A standard quart jar test is always recommended before tank mixing other materials. Adding a citric acid based acidifier may be required in order to assure compatibility with and optimum absorption when tank mixed with Phosphorus or some Phosphate products. Adjusting the final spray tank pH to 4.5 with a citric acid acidifier will decrease the chance of compatibility problems. Constant agitation is required when mixing with Calcium fertilizers.

RATES & TIMING

Orchards & Vineyards	1-4 QUARTS PER ACRE	Apply in spring at any time after leaf out. Do not spray during pollination on orchard crops. Always use a final spray volume greater than 50 gallons per acre. Repeat as needed.
Field, Row, Vegetable, & Fruit Crops		Apply any time during the growing season. Repeat as needed.

WARRANTY & CONDITIONS OF SALE

Manufacturer warrants that this material conforms to the chemical description hereon and is reasonably fit for use as directed. No other warranty is made, either expressed or implied. **BEFORE OPENING**, see other conditions and limitations that apply which are available at: <http://www.FBSciences.com/ProductConditionsOfSale/>.

Information regarding the contents and levels of metals in this product is available on the Internet at: <http://www.aapfco.org/metals.htm>

GUARANTEED ANALYSIS

Sulfur (S)	3.00%
Copper (Cu)	1.00%
Manganese (Mn)	3.00%
Zinc (Zn)	3.00%

Derived from: zinc sulfate, manganese sulfate, and copper sulfate.

**READ ENTIRE LABEL BEFORE USE
SHAKE WELL BEFORE USE
DO NOT STORE BELOW 40°F (5°C)
KEEP OUT OF REACH OF CHILDREN
WARNING**

HAZARD STATEMENTS

Contact with eyes or skin may cause irritation.

PRECAUTIONARY STATEMENTS

Wear protective gloves and protective eyewear. Wash skin thoroughly after handling. Clothing should be thoroughly washed before re-use.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention.

IF SWALLOWED: Do not induce vomiting. Clean mouth with water. Call a Poison Control Center or doctor if you feel unwell.

IF ON SKIN: Remove immediately all contaminated clothing. Rinse skin with water/shower. If skin irritation occurs get medical attention.

IF INHALED: Remove person to fresh air and obtain medical attention immediately if breathing becomes difficult.
