KEEP OUT OF REACH OF CHILDREN

NET CONTENTS: **1 U.S. GALLON** (3.785 L)

Formulated for: Loveland Products, Inc. • PO Box 1286 • Greeley, CO 80632-1286

A62201272

F0216

Personal Protective Equipment: Wear protective gloves/protective clothing/eye protection.

FIRST AID: If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **If swallowed:** Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

FOR A MEDICAL EMERGENCY INVOLVING THIS PRODUCT CALL 1-866-944-8565.

Applications: AQUAMARK® BLUE lake/pond colorant transforms pale, dirty or off-colored water to a sparkling blue. AQUAMARK BLUE may be used to color ornamental lakes, ponds, fountains and other contained bodies of water. This product should not be applied to streams, rivers, outflows, or water not completely controlled by the user. AQUAMARK BLUE may be applied to areas used for irrigation, but not for direct human consumption. Swimming and other recreation sports are approved during and following use of the product. Fish, waterfowl and animals are not harmed by normal use of this product.

Directions—Lake & Pond Colorant Application: Determine the volume of water to be treated, then consult the suggested use rate chart to determine the amount of colorant to use. If a darker or lighter color of water is desired, vary the rate accordingly. Pour from the container near the shoreline at several locations for best color coverage.

Suggested Use Rates:

Area to be Treated	Rate to Use
1 acre foot*/1,234m ³	1 qt / 0.95 liters
4 acre feet*/4,934m ³	1 gal / 3.78 liters

*1 acre foot is an area comprising 1 acre, 1 foot deep or 325,851 gallons / 1,231,717 liters

Directions—Aquatic Spray Pattern Indicator Application: AQUAMARK BLUE may be used as a spray pattern indicator to provide a temporary visual mark of control product applications on emerged aquatic weeds. Add AQUAMARK BLUE at the rate of 16 to 24 ounces per 100 gallons of spray solution. Applicator may vary the rate to achieve the desired color intensity. Application overspray may result in temporary coloration of the water.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry place. Store in original container. Keep container tightly closed. Do not reuse empty container.

Disposal: Do not contaminate water, food or feed by storage or disposal. Wastes may be disposed of on-site or at an approved waste disposal facility. Triple rinse (or equivalent) adding rinse water to spray tank. Offer container for recycling or dispose of container in sanitary landfill, or by other procedures approved by appropriate authorities. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler, visit the ACRC web page at www.acrcycle.org.
