

## TREATED SEED

This seed has been treated with INTEGO™ Solo Fungicide which contains ethaboxam at the rates recommended by the manufacturer.

## CAUTION

**DO NOT USE TREATED SEED  
FOR FEED, FOOD OR OIL PROCESSING**

**STORE AWAY FROM FEEDS AND OTHER FOODSTUFFS  
KEEP OUT OF REACH OF CHILDREN**

### PERSONAL PROTECTIVE EQUIPMENT (PPE)

Wear long-sleeved shirt, long pants, shoes and socks, and chemical-resistant gloves made of any waterproof material when handling treated seed.

### HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 800-892-0099 for emergency medical treatment information.

- Excess seed may be used for ethanol production only if (1) by-products are not used for livestock feed and (2) no measurable residues of pesticide remain in ethanol by-products that are used in agronomic practices.
- Dispose of all excess treated seed. Left over treated seed may be double-sown around the headland or buried away from water sources in accordance with local requirements. Do not contaminate water bodies when disposing of planting equipment washwaters.
- Dispose of seed packaging in accordance with local requirements.
- Treated seeds exposed on soil surface may be hazardous to wildlife. Cover or collect treated seeds spilled during loading.
- Do not graze or feed soybean forage and hay to livestock.
