

WILBUR-ELLIS® Ideas to Grow With™

GUARANTEED ANALYSIS

Table with 2 columns: Nutrient Name and Percentage. Includes Total Nitrogen (15.00%), Available Phosphate (10.00%), Soluble Potash (5.00%), Boron (0.02%), Copper (0.05%), Iron (0.10%), Manganese (0.05%), Molybdenum (0.0005%), Zinc (0.05%), and Chlorine (Cl) not more than 3.0%.

DERIVED FROM: Ammonium Polyphosphate, Potassium Phosphate, Potassium Chloride, Urea, Sodium Borate, Sodium Molybdate, Copper EDTA, Iron EDTA, Manganese EDTA, and Zinc EDTA.

Chlorine (Cl) not more than 3.0%

WARNING: This fertilizer contains boron. Its use on any other plants or under any other conditions other than those specified on the label may result in plant injury. CAUTION: This fertilizer is to be used only on crops which respond to molybdenum. Crops high in molybdenum are toxic to grazing animals (ruminants).

KEEP OUT OF REACH OF CHILDREN PRECAUTION

Do not ingest. Avoid contact with skin, eyes or clothing. Avoid breathing dust, vapor or mist.

Information regarding the contents and levels of metals in this product is available on the Internet at http://www.aapfc.org/metals.htm

IRRIGATION SYSTEM APPLICATIONS (Soil, Drip or Sprinkler): FOLI-GRO 15-10-5 may be applied through irrigation systems at a rate of 1/2-1 1/2 gallons per acre. Before applying with other fertilizers always check compatibility.

BEANS, PEAS, PEPPERS AND TOMATOES: Use 3 applications of 1-3 quarts per acre each application at 1-week intervals during bloom period.

CABBAGE, CAULIFLOWER AND LETTUCE: Use 2-4 applications as needed of 1-3 quarts each application. Final application should be made 1 week prior to cutting.

CANTALOUPE, CUCUMBERS, SQUASH AND WATERMELONS: Apply 2-3 quarts at intervals of 7-10 days as needed. First application should be made when runners form.

CITRUS: Add 2-4 quarts per 100 gallons of water or spray solution. Apply up to 3 times per year.

CORN: Apply 2 applications early season of 1-2 quarts each and 2 applications of 2-3 quarts each at silking and soft dough stage.

COTTON: Apply 1-3 quarts per acre with regular insecticide program. Best results obtained with 3 applications at 1-week intervals during bloom period.

GRAIN SORGHUM: Use 1-2 applications of 2-4 quarts per acre each application prior to boot stage.

ORNAMENTALS: Add 2 quarts per 100 gallons of water and thoroughly cover foliage. Repeat every 3-4 weeks or as needed.

FIRST AID

In all cases, call a poison control center or doctor for further treatment advice.

IF SWALLOWED, call a poison control center or doctor immediately. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything to an unconscious person. IF ON SKIN, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. IF INHALED, move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration. IF IN EYES, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.

For chemical spills, leaks, fire or exposure, call CHEMTREC: (800) 424-9300.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage, disposal or cleaning of equipment.

Store in a safe manner. Store in original container only and keep tightly sealed when not in use. Dispose of unused product and empty containers in accordance with federal, state and local regulations.

GENERAL INFORMATION

FOLI-GRO® 15-10-5 is formulated primarily for foliar applications to prevent or correct micronutrient deficiencies in a wide range of agronomic and ornamental plants. Its use is suggested as a supplement to a regular, balanced fertilizer program to enhance yields and improve quality. Application of FOLI-GRO 15-10-5 is a means of obtaining a quick response to needed elements. Foliar applications of FOLI-GRO 15-10-5 may be particularly beneficial during periods of peak nutrient demand, for crops grown on soils having poor nutrient availability or to crops suffering from a weakened root system. Avoid foliar nutrient applications to crops during periods of moisture, salinity or heat stress. Applications of foliar nutrients to sensitive crops such as leafy vegetables or soft-skinned fruit during periods of excessive temperatures may cause cosmetic injury. FOLI-GRO 15-10-5 should be used as part of a comprehensive Total Nutrition System® for optimizing plant growth, development, yield and quality.

DIRECTIONS FOR USE

FOLI-GRO 15-10-5 may be applied as a foliar spray by air or by ground. Maintain agitation to provide uniform distribution within the spray tank. Thorough and even spray coverage is essential for maximum nutrient uptake and crop safety. Always include a high quality wetting agent, such as R-11® or SYL-COAT™, at recommended rates. Optimum rate of application will vary based on a variety of factors including degree of need or deficiency, growth stage, yield potential, environmental conditions, existing soil fertility levels, soil pH, organic matter content, etc. For best results, follow soil test or plant analysis recommendations. For specific crop recommendations consult your local Wilbur-Ellis Company representative.

FOLIAR APPLICATIONS (Ground or Air): Apply the recommended amount of FOLI-GRO 15-10-5 per acre per application throughout the growing season as needed to maintain adequate levels for growth. Severe deficiencies may require more frequent applications. Use sufficient water to ensure good coverage. Do not exceed 1 quart per gallon of water. If applied too concentrated, slight burning of the foliage may occur.

SOIL APPLICATIONS: Use 2 quarts to 5 gallons of FOLI-GRO 15-10-5 per acre as a preplant or side-dress application. Dilute with water for more uniform application. FOLI-GRO may be applied in combination with fertilizers. Always determine compatibility before preparing the application mix. Do not apply directly to the seed.

COMPATIBILITY

FOLI-GRO 15-10-5 is compatible with many co-applied nutrient sources as well as plant protection products. Always jar test new combinations for compatibility prior to field mixing.

Conditions of Sale and Limitation of Warranty and Liability:

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using the product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of the product should be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of many different factors including, without limitation, manner of use or application, weather, combination with other products, or crop conditions. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Manufacturer and Seller harmless from any claims relating to such factors.

Seller warrants that this product conforms to the chemical description on the label. EXCEPT FOR THIS WARRANTY, THE PRODUCT IS FURNISHED "AS-IS," AND NEITHER SELLER NOR MANUFACTURER MAKES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE SELECTION, PURCHASE OR USE OF THIS PRODUCT; SELLER AND MANUFACTURER SPECIFICALLY DISCLAIM ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Buyer and User accept all risks arising from any use of this product, including without limitation uses contrary to label instructions, under abnormal conditions, or under conditions not reasonably foreseeable to (or beyond the control of) Seller or Manufacturer.

To the extent permitted by law, neither Manufacturer nor Seller shall be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE BUYER OR USER, AND THE EXCLUSIVE LIABILITY OF MANUFACTURER AND SELLER, FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THIS PRODUCT, OR, AT THE ELECTION OF MANUFACTURER OR SELLER, THE REPLACEMENT OF THE PRODUCT.

These Conditions of Sale and Limitation of Warranty and Liability shall be interpreted in accordance with the laws of the State of California, excluding its conflicts of laws rules, and may not be amended by any oral or written agreement.
