

**BIOXst** is a premium zinc based seed treatment, utilizing zinc EDTA and an amino acid complex providing early plant nutrition, development, germination and uptake. **BIOXst** is recommended as an additional zinc application method and is not intended to replace other zinc products. **BIOXst** is a highly efficient readily available chelated zinc to help support crop growth in cold soils where zinc uptake can be limited.

#### RECOMMENDED APPLICATION RATE:

**BIOXst** is for use as a pre-plant commercial seed treatment. It can be used on but is not limited to the following Seeds listed in the table below. General use rates range from 2 – 10 oz / cwt for most crops.

#### RECOMMENDED RATES FOR SPECIFIC CROPS

Crop oz/cwt (100 lb seed)  
Soybeans 1 - 2 oz.  
Corn 2 - 3 oz  
Wheat 1 - 2 oz

Use only in case of a recognized need. Do not exceed recommended dose. Do not apply undiluted. Due to the biological nature of this product, separation and color variations are normal.

#### SHAKE WELL BEFORE USE

This product is stable at ordinary temperatures and pressures. Store in a dry place at temperatures between 40° and 95° F. Keep out of reach of children and animals. Avoid contact with eyes and skin. In case of accidental spillage of fertilizer, collect with absorbent material.

#### Guaranteed Analysis

Zinc (Zn) .....2.0%  
2.0% Chelated Zinc (Zn)

#### Derived From: Zinc EDTA

#### STORAGE AND DISPOSAL:

Must be stored above 40 °F. AVOID FREEZING.  
Disposal: Dispose of contents/container to Local, State and Federal Regulations.  
In case of spill, clean up with absorbent material. Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.htm>

#### HAZARD STATEMENTS

May be harmful in contact with skin. Causes mild skin irritation. Causes eye irritation. May be harmful if inhaled.

#### PRECAUTIONARY STATEMENTS

If medical advice is needed, have product container or label at hand. Read label before use.

#### CAUTION:

Call a POISON CENTER or doctor/physician if you feel unwell. IF INHALED: Call a POISON CENTER or doctor/physician if you feel unwell. If skin irritation occurs: Get medical advice/attention. IF IN EYES: Rinse cautiously with water for several minutes.
