

Natural cereal based adjuvant with Patented Biocar® Technology
Spray adjuvant used to improve chemical efficiency & rain-fastness

US patent # 5,888,500 and EPO#PCT/US97/17605

NON-HAZARDOUS

AVOID EYE AND SKIN CONTACT.

NOT FOR CONSUMPTION BY HUMANS OR ANIMALS

KEEP OUT OF REACH OF CHILDREN

Inhalation: Non-Hazard Move to Fresh Air

Skin Contact: Non-Hazard. Wash skin with soap and water.

Eye Contact: Moderate Hazard, exposure may cause mild eye irritation. Rinse with large amounts of water. Seek medical attention if required.

Ingestion: Non-toxic. Drink large quantities of water and seek medical attention if necessary.

Specific Personal Protective Equipment:

Eyes: Safety goggles should be worn when handling **SPLAT** concentrate.

Transport: Product is not hazardous under any domestic or international transportation regulations.

Spills: *Large;* recover for use or disposal. *Small;* mop up and discard.

Disposal: Dispose of waste as for any non-hazardous material

GENERAL INFORMATION:

Usages: **SPLAT** may be tank-mixed with a variety of plant protection products providing that the application timing is correct for both **SPLAT** and the partner(s) in the mixture. For further information on the approval status of mixture partners, consult your supplier.

Not to be used with pesticides on crops for human or animal consumption.

Only for use in accordance with the designated field of use categories at the recommended label rate.

Application Recommendations:

General Rates: Use 4 to 32 oz. per Acre. Spray volume is dependent on pesticide / herbicide / fungicide label rate. Consult the "field of use" table for specific recommended use rates.

Stops wash-off of pesticides
Improves pesticide uptake
Enhances pesticide activity
