Rally® 40WSP

EPA Reg. No. 62719-410

Special 2(ee) Recommendation†

(For Distribution and Use in Arkansas, Illinois, Indiana, Iowa, Michigan, Minnesota, Missouri, Oregon, Washington, and Wisconsin)

Aerial Application on Snap Beans

ATTENTION

†This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by EPA.

- It is a violation of federal law to use this product in a manner inconsistent with its labeling.
- Read the label affixed to the container for Rally® 40WSP insecticide before applying. Carefully follow all precautionary statements and applicable use directions except as specified below.
- Use of Rally 40WSP according to this Section 2(ee) recommendation is subject to all use precautions and limitations imposed by the label affixed to the container for Rally 40WSP.

Directions for Use

Refer to product label for Rally 40WSP for General Use Precautions, Mixing Directions and Application Directions.

Apply Rally 40WSP at the rate of 4 to 5 ounces per acre to control pod tip rot and rusts on snap beans. Aerially apply in a minimum of 5 gallons of water per acre.

Refer to the label affixed to the container for Rally 40WSP for resistance management recommendations, all use directions, precautions, and restrictions.
