

D-W SURFACTANT PLUS™

NO FOAM, NONIONIC SPREADER-ACTIVATOR

ACTIVE INGREDIENTS:

Alkyl Aryl Polyoxyethylene, Glycols, IPA and Dimethylpolysiloxane	80%
Constituents ineffective as a spray adjuvant	20%
TOTAL	100%

All ingredients are accepted for use under CFR 40, 180.1001(c).

KEEP OUT OF REACH OF CHILDREN
WARNING

May be harmful if swallowed. Causes skin irritation. Causes serious eye irritation. May be harmful if inhaled. Read label before use. Keep container tightly closed. Keep only in original container. Avoid breathing dust/ fume/ gas/ mist/ vapors/ spray. Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves/ protective clothing/ eye protection/ face protection.

GENERAL INFORMATION

DW-SURFACTANT PLUS is a water soluble, nonionic spreader-activator type surfactant, designed for use in improving wetting and deposition of pesticide spray on leaf surfaces. **DW-SURFACTANT PLUS** decreases the surface tension of the spray droplets allowing for increased spreading and more uniform coverage on leaf and stem surfaces.

USE DIRECTIONS

DW-SURFACTANT PLUS can be used with agricultural, industrial, forestry, aquatic and turf products that recommend a wetter-spreader type adjuvant. Add pesticides and other related products to the spray mixture before adding **DW-SURFACTANT PLUS**.

NOTE: Always follow pesticide label recommendations.

HERBICIDES

DW-SURFACTANT PLUS is recommended for use at a rate of 0.5 to 2 pints per 100 gallons of spray with most post emergence herbicides which recommend the use of a nonionic surfactant (unless otherwise directed by the herbicide manufacturer).

DEFOLIANTS

DW-SURFACTANT PLUS is recommended for use at a rate of 2 pints per 100 gallons of spray when applied at a application rate of 10 or more gallons per acre. Use a rate of 4 pints per 100 gallons when the application is less than 10 gallons per acre.

INSECTICIDES, FUNGICIDES AND ACARACIDES

DW-SURFACTANT PLUS is recommended at a rate of 2 to 8 ounces per 100 gallons of spray to enhance the wetting of insecticides, fungicides or acaracides.

SOIL PENETRANT

DW-SURFACTANT PLUS should be applied at a rate of 8 ounces per 1,000 square feet of turf. Applications should be made in a minimum spray volume of 12 gallons of water per acre.

FIRST AID

Call a poison control center or doctor immediately for treatment advice. Have the product container with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do then continue rinsing. If eye irritation persists: Get medical advice or attention.

IF ON SKIN OR CLOTHING: Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water for several minutes. If skin irritation occurs: Get medical advice or attention.

IF SWALLOWED: Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person.

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth to mouth if possible.

STORAGE AND DISPOSAL

STORAGE: Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. For optimal storage, store between 40° and 90° F.

DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Dispose of contents in container to an approved waste disposal facility in accordance with all federal, state and local regulations. Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org.

WARRANTY: Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk or any such use.
