

SPREADER STICKER

PRINCIPAL FUNCTIONING AGENTS:

Modified phthalic glycerol alkyd resin 77.0%
Constituents ineffective as spray adjuvants 23.0%
TOTAL **100.0%**

Compositional Information: The following chemicals contribute to the hazard of this product and are listed in accordance with ANSI Z129.1 and state laws:

Modified phthalic glycerol alkyd resin (trade secret)
Butyl alcohol (CAS Reg. No. 71-36-3)

CA Reg. No. 7001-50524

WA Reg. No. 7001-12001

KEEP OUT OF REACH OF CHILDREN WARNING

FLAMMABLE LIQUID AND VAPOR. CAUSES SKIN IRRITATION. CAUSES EYE IRRITATION. MAY CAUSE RESPIRATORY IRRITATION. MAY CAUSE DROWSINESS OR DIZZINESS.

PRECAUTIONARY STATEMENTS:

Keep away from heat / sparks / open flames / hot surfaces.
- No smoking. Ground / bond container and receiving equipment. Use explosion-proof electrical / ventilating / lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Avoid breathing mist / vapors / spray. Wash thoroughly after handling. Use only outdoors or in a well-ventilated area. Call a poison center / doctor if you feel unwell. Specific treatment see First Aid section on this label. Dispose of contents / container in accordance with local / regional / national regulations.

Personal Protective Equipment: Wear protective gloves / protective clothing / eye protection / face protection. Take off contaminated clothing and wash before reuse.

In Case of Fire: Use foam, dry powder, carbon dioxide, water spray, sand to extinguish.

FIRST AID:

IF ON SKIN OR HAIR Wash with plenty of water. Take off immediately all contaminated clothing. Rinse skin with water / shower. If skin irritation occurs: get medical advice / attention.

IF INHALED Remove person to fresh air and keep comfortable for breathing.

IF IN EYES Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: get medical advice / attention.

IF SWALLOWED Rinse mouth. Do NOT induce vomiting. Obtain medical attention if you feel unwell.

Have the product container or label with you when calling a Poison Control Center or Doctor or going for treatment. For Chemical Spill, Leak, Fire, Or Exposure Call Chemtrec (800)424-9300.

ENVIRONMENTAL HAZARDS

Do not contaminate water sources by cleaning of equipment or disposal of wash water.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Keep container tightly closed. Store in a well-ventilated place. Keep cool. Store locked up. Store away from excessive heat (e.g. steam pipes, radiators), from sources of ignition and reactive materials. Keep from freezing.

Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler, visit the ACRC web page at www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

NET CONTENTS: 2.5 Gallons (9.45 Liters)

**Simplot**

Manufactured For:

J.R. SIMPLOT COMPANY

GUARANTOR: P.O. Box 198, Lathrop, CA 95330-0198

DIRECTIONS FOR USE

Not for aquatic use in Washington. Product can be used for aquatic application in other states. Consult the relevant aquatic herbicides for recommendations on use rates.

PHT Latron B-1956 is a water-dispersible, resin-based nonionic surfactant (not a water-soluble detergent-type wetting agent) that resists rewetting and removal by rain. PHT Latron B-1956 is effective as a spreading, depositing and sticking agent to improve the performance of insecticides, miticides, fungicides, defoliants, PGR's and herbicides.

PHT Latron B-1956 is beneficial when used on smooth and waxy or fuzzy (hairy) foliage and fruit. PHT Latron B-1956 will also improve spray coverage on fruit or foliage that is covered by dust or honey dew, webbed by spider mites or infected with powdery mildew, and on hard-to-wet insects such as mealy bugs and scales. On weeds and brush PHT Latron B-1956 will assist in the spray deposit / penetration.

Growers are urged to closely observe the pattern of spray deposition during spraying and after sprays have dried. If the pattern is blotchy and uneven, more PHT Latron B-1956 is needed. If the spray is running to lower leaf margins, "eyebrowing," or collecting in drop spots on fruit, the amount of PHT Latron B-1956 should be reduced.

DOSAGE: Recommendations for use of PHT Latron B-1956 depend on the crop, the pest, the kind of spray equipment, volume, pressure and droplet size of the spray and the pesticide of mixture being used. As a general guide, 1 to 2 ounces are used on moderately easy-to-wet plants, 2 to 4 ounces on hard-to-wet plants, and 4 to 8 ounces on very hard-to-wet plants per 100 gallons of dilute full-volume spray. As sprays are concentrated to 2X, 10X, or 20X, the amount of PHT Latron B-1956 should be increased in about the same proportion as the pesticide. The chart below will serve as a general guide for some of the more common types of spray application.

Gallons of Spray Volume per Acre

	Field Row Crops	Vineyards Hop yards	Treefruit and Nuts	PHT Latron B-1956 (fl. oz. per 100 gallons of spray)
Dilute	100 - 160	150 - 300	600 - 1000	1 - 2 oz.
2X	50 - 80	75 - 150	300 - 500	2 - 4 oz.
3X	35 - 55	50 - 100	200 - 330	3 - 6 oz.
8X	12 - 20	20 - 40	75 - 125	8 - 16 oz.
10X	10 - 16	15 - 30	60 - 100	10 - 20 oz.
20X	5 - 8	8 - 16	30 - 50	1 pt. - 1qt.
30X	3 - 5	5 - 10	20 - 30	1 1/2 pt. - 1 1/2 qt

MISCELLANEOUS USES: To improve the wetting properties of insecticidal sprays on livestock, especially in hard water areas, use 1 to 2 ounces of PHT Latron B-1956 per 100 gallons of spray.

COMPATIBILITY: PHT Latron B-1956 can be used with wettable powder, emulsifiable concentrate or solution formulations of most pesticides now on the market.

TERMS AND CONDITIONS OF USE

DISCLAIMER OF WARRANTIES: J.R. Simplot Company warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label only when used in accordance with label directions under normal conditions of use. To the extent consistent with applicable law J.R. SIMPLOT COMPANY MAKES NO OTHER EXPRESS OR IMPLIED WARRANTIES EITHER OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE. Handling, storage and use of the product by Buyer or User are beyond the control of J.R. Simplot Company and Seller. To the extent consistent with applicable law risks such as crop injury, ineffectiveness or other unintended consequences resulting from, but not limited to, weather or soil conditions, presence of other materials, disease, pest, drift to other crops or property or failure to follow label directions will be assumed by the Buyer or User. To the extent consistent with applicable law, in no case will J.R. Simplot Company or Seller be held liable for consequential, special or indirect damages resulting from the handling, storage or use of this product.
