SCOTT'S® GRUBEX®

One application kills and protects for 4 months.

WHAT DOES SCOTT'S® GRUBEX® DO?

Grubs and other listed insects can cause extensive damage to lawns by feeding on grass and its roots. Infested turf turns brown and is easily pulled up by hand. GrubEx® prevents turf damage by killing grubs when they are young before the can cause damage to your turf.

ANNUAL USE CAN HELP CONTROL JAPANESE BEETLE INFESTATIONS!

DIRECTIONS FOR USE | MODO DE EMPLEO

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Se considera una violación a la ley federal usar este producto con otros fines que los indicados en la etiqueta.

1 | SET & FILL SPREADER

SCOTT'S® BROADCAST/ROTARY SPREADER **SCOTT'S® DROP SPREADER** **SCOTT'S® WEEZ® SPREADER**

3½ **5½** **3½**

When using spreaders other than Scott's, calibrate spreader settings based on the manufacturer's recommendations. Al usar esparcidores que no sean Scott's, calibre las posiciones del esparcidor según las recomendaciones del fabricante.

2 | APPLY

Apply to dry lawn. Sweep in thoroughly (approximately 1 inch) to achieve. Apply 2½ lb of product per 1,000 sq. ft. The maximum number of applications is one per year. In New York State, do not apply within 100 feet of a water body (lake, pond, river, stream, wetland, or drainage ditch). Aplique el producto al césped seco. Rociar bien (aproximadamente 2.5 cm) para cubrirlo. Aplique 1.30 kg de producto por cada 93 m². El número máximo de aplicaciones es de una por año. En el estado de Nueva York, no lo aplique a menos de 30.5 metros de distancia de un cuerpo de agua (lago, arroyo, río, arroyo, humedal o canal de drenaje).

3 | CLEAN UP

Sweeping product from leaf surfaces onto lawn keeps product on the grass. Barrer el producto arrastrado sobre superficies duros hasta el césped mantiene el producto en la grama.

YOU'RE DONE! WHAT'S NEXT? | ¿LISTO! ¿Y AHORA QUÉ SIGUE?

People or pets may re-enter lawn once grass has dried. Your lawn will be protected from Grubs. / Las personas o las mascotas pueden acceder nuevamente al césped una vez que la grama se ha secado. Tu césped estará protegido contra las garrapatas.

OTHER THINGS YOU SHOULD KNOW | OTRAS COSAS QUE DEBE SABER

- Do not apply to waterlogged areas. / No rociar el producto en áreas anegadas.
- Apply spring to early summer. / Aplíquelo desde la primavera hasta principios del verano.

STOP THE DESTRUCTIVE CYCLE

Scott's® GrubEx® kills grubs as they develop, BEFORE they cause damage to your lawn. Apply GrubEx® spring to early summer.

SPRING Grubs come out of winter hibernation and start to eat your lawn's roots. By late spring, grubs enter the pupa stage to transform into beetles.

SUMMER Adult beetles surface to feed on your garden and lay eggs back in your lawn. Eggs hatch into new grubs, which will begin to feed on your lawn's roots.

FALL Between the summer stress and the feeding grubs, your lawn can be severely damaged. After feeding in the fall, grubs will hibernate during the winter and resume the destructive cycle in the spring.

White Grub Caterpillar (Armyworm) Chinchbug Larvae of Japanese Beetle Larvae of Crane Fly Larvae of Billbug

Kills: White Grubs (including larvae of: Japanese Beetles, Asiatic Garden Beetles, Black Turfgrass stemless, Aphodius spp., European chafers, Green June Beetles, May June Beetles, Northern meadow chafers, Caterpillars including Armyworms, Cutworms, Sod webworms, Billbug grubs, Crane Fly larvae (including European Crane Fly). Suppresses Chinchbugs. Apply Fall-Dix-Dect to control Crane Fly larvae (including European Crane Fly).

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS When used as directed this product does not present a hazard to humans or domestic animals. Wash hands thoroughly after use. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS: This product is toxic to aquatic invertebrates, oysters and shrimp. Do not apply directly to water. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, surface or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk or street back onto the treated area will help to prevent run off to water bodies or drainage systems.

GROUND WATER ADVISORY: This chemical has properties and characteristics associated with chemicals detected in ground water. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in ground water contamination.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store in a clean, dry place. Remove opened bag by folding top down and securing.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Empty: Non-refillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTICE To the extent consistent with applicable law, buyer assumes all risks of use, storage or handling of this product not in accordance with directions.

EPA Reg. No. 938-306
EPA Est. No. 538-OH-1, 9188-OH-1, 9188-OH-2, 938-OH-2, 084175-TX-001*
Superscript used is first letter or run code on end of container.

If for any reason you, the consumer, are not satisfied with the results after using this product, you are entitled to get your money back. Simply send us evidence of purchase and we will mail you a refund check promptly.

AVISOS DE PRECAUCIÓN

RIESGOS PARA LOS SERES HUMANOS Y LOS ANIMALES DOMÉSTICOS Cuando se usa según las indicaciones, este producto no representa un peligro para los seres humanos o los animales domésticos. Lávese bien las manos después de usarlo. Quite y lave la ropa contaminada antes de volver a usarla.

RIESGOS AMBIENTALES: Este producto es tóxico para los invertebrados acuáticos, las ostras y los camarones. No lo aplique directamente al agua. Para proteger el medio ambiente, no permita que el pesticida penetre o se escurre en drenajes pluviales, zanjas de drenaje, cunetas o aguas superficiales. La aplicación de este producto en un clima tranquilo, cuando no haya un pronóstico de lluvia para las próximas 24 horas, ayudará que el viento o la lluvia no soplen ni laven el pesticida fuera del área de tratamiento. Barrer el producto que caiga sobre la entrada de alcantarillas, la acera o la calle hacia el área tratada del césped para evitar que se escurra a cuerpos de agua o sistemas de drenaje.

ADVERTENCIA EN CUANTO AL AGUA DEL SUBSUELO: Este producto químico tiene propiedades y características que se asocian con sustancias químicas detectadas en aguas del subsuelo. El uso de este producto químico en áreas donde la tierra es permeable, en particular donde el manto freático está cerca de la superficie, puede acarrear la contaminación del agua del subsuelo.

ALMACENAMIENTO Y ELIMINACIÓN

ALMACENAMIENTO DEL PESTICIDA: Guardar en un lugar limpio y seco. Cierre la bolsa abierta doblando la parte superior y apilando cuidadosamente.

ELIMINACIÓN DEL PESTICIDA Y MANEJO DEL ENVASE: Si está vacío: Este envase no se puede rellener. No vuelva a usar la bolsa más de una vez. Tráelo a la tienda o a su agente de asistencia al consumidor para reciclarlo.

Si está parcialmente lleno: Llame a su agencia local de desechos sólidos para obtener instrucciones sobre cómo eliminarlo. Nunca elimine el producto ni lo utilice en drenajes internos o externos.

AVISO En la medida contemplada por las leyes correspondientes, el comprador asume todos los riesgos de uso, almacenamiento o manejo de este producto si no se siguen las instrucciones.
