

# Mor-Bor 17

## SOLUBLE FOLIAR BORON

**Minimum Guaranteed Analysis**  
 Boron (B).....17%  
 Derived from: Orthoboric Acid

### CAUTION

### KEEP OUT OF REACH OF CHILDREN

**Precautionary Statements: Hazard to humans and domestic animals. Avoid contact with eyes and skin. Avoid breathing dust. In case of contact, immediately flush eyes or skin with plenty of water. Harmful if swallowed.**

#### GENERAL RECOMMENDATIONS

**Mor-Bor 17** is a concentrated readily available source of Boron for foliar applications to plants. **Mor-Bor 17** contains no sodium and is formulated to give a slightly acidic reaction in an aqueous solution. **Mor-Bor 17** at a rate of 5.8 pounds provides 1 pound a.i. of Boron.

#### FOLIAR APPLICATIONS

Use sufficient volume for thorough coverage. Boron is not easily translocated within the plant, therefore multiple applications at lower rates during the growing season are most effective. May be applied by air, concentrate sprayer, or conventional ground sprayer.

#### COMPATIBILITY

**Mor-Bor 17** is compatible with many liquid fertilizers, micronutrients, and pesticides. Addition of **Mor-Bor 17** to these products should not be done without first testing compatibility on a small scale.

#### PRECAUTIONS

**WARNING:** Over application or excessive use of Boron on tree fruits and other crops can result in boron toxicity. **Leaf analysis of 100 PPM or greater is considered excessive for tree fruits.** Boron may cause foliar damage or serious crop injury. Check plant sensitivity to Boron prior to use.

#### POME FRUITS

**Boron deficiency program** (leaf analysis of 0 to 29 PPM)  
 Apply up to **6 pounds Mor-Bor 17** per acre per application.

**Boron maintenance program** (leaf analysis of 30 to 80 PPM)  
 Apply up to **3 pounds Mor-Bor 17** per acre per application.

#### STONE FRUITS

**Boron deficiency program** (leaf analysis of 0 to 39 PPM)  
 Apply up to 6 pounds Mor-Bor 17 per acre per application.

**Boron maintenance program** (leaf analysis of 40 to 80 PPM)  
 Apply up to **3 pounds Mor-Bor 17** per acre per application.

#### HOPS

Apply **1 to 3 pounds Mor-Bor 17** per acre per application.

#### MINT

Apply **1 to 3 pounds Mor-Bor 17** per acre per application.

#### OTHER CROPS

Apply rates recommended by local Extension Agents and consultants for the specific crop to be treated.

#### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

**STORAGE:** Keep out of reach of children and animals. Store in a cool, dry place and avoid excess heat.

**DISPOSAL:** Waste resulting from the use of this product may be disposed of on site or at an approval waste disposal facility.

**NON-WARRANTY:** Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability of fitness for a particular purpose, expressed or implied, extends to the use, storage or handling of the product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use. These risks include, but are not limited to damage of plants, crops and animals to which the material is applied, failure to control pests, damage caused by drift to other plants or crops and personal injury.

**NOTICE:** Information regarding the contents and levels of metals in this product is available on the internet at: <http://www.aapfco.org/metals.htm>

Net Weight: 25 Lbs. (11.34 Kg.)
