

Triple 3 Vital Boost

3 - 3 - 3

Foliar Micronutrient

Triple 3 Vital Boost is a plant and soil nutrient consisting of quality fertilizers, chelated trace minerals and a powerful non-ionic surfactant used to prevent deficiencies in crops/plants grown in soils that may have low levels of available micronutrients.

DIRECTIONS FOR USE

Mix with sufficient water to allow uniform coverage (min. 10 gal. liquid per acre). Can be tank mixed with most liquid fertilizers, herbicides, insecticides and fungicides. Always conduct a compatibility test prior to mixing any chemicals. This product is intended as a supplement or addition to regular fertility NOT a replacement of fertility.

LIMITED WARRANTY

Since weather, crops, soil and other conditions vary, manufacturer or seller makes no warranty, expressed or implied concerning the use of this product; and shall not be liable for any injury or damage occurring from misuse or mishandling. Buyer assumes all responsibilities other than stated label guarantees. Manufacturer or seller obligation is limited to replacement for the quantity of defective material only.

RECOMMENDED APPLICATIONS

AGRICULTURE: 12.8 - 16 fluid ounces per acre or 1 gallon per 8 - 10 acres applied 1 or more times per year. Apply as a foliar feed, incorporate to a moist soil or treat on seed.

Note: Application rates may vary due to different soil conditions and uses. Consult your Pro-Soil Representative for best results in using this product.

DURING THE GROWING SEASON

Foliar feed during the plants active growth cycle for increased energy output. Can also be applied to the soil through irrigation or band spray. Be sure to apply sufficient water to wet soil to a depth of 1/4 inch or more to help with nutrient availability and uptake.
