

ACIDIFIER AND SPREADER

PRINCIPAL FUNCTIONING AGENTS

Citric acid and secondary alcohol ethoxylate.....	37.44%
Constituents ineffective as spray adjuvants.....	62.56%
Total.....	100.00%

All ingredients are exempt from tolerance according to 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN

WARNING/AVISO

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.

(If you do not understand the label, find someone to explain it to you in detail.)

HAZARD STATEMENTS: Causes serious eye irritation.

PRECAUTIONARY STATEMENT: Wear eye protection or face protection.

ENVIRONMENTAL HAZARDS: Do not contaminate water sources by cleaning of equipment or disposal of wastewaters.

FIRST AID

Call a POISON CENTER or doctor/physician if you feel unwell.

For Chemical Emergency (spill, leak, fire or accident), call CHEMTREC (800) 424-9300

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

IF ON SKIN OR HAIR: Wash with plenty of water. Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.

IF INHALED: Remove person to fresh air and keep comfortable for breathing.

GENERAL INFORMATION

SQUALL™ is an acidifier to help reduce the pH of the spray solution and a spreader to assist in spreading of foliar pesticides and nutrients that are registered for agricultural, ornamentals, turf and other uses. It also helps with the tank mix compatibility of liquid fertilizers favoring low pH solutions.

DIRECTIONS FOR USE

Prior to use, read all the directions on this label and on the labels of the manufacturers' products being used with SQUALL. The manufacturers' labels for specific usage and restrictions have precedence over directions for use referred to on the SQUALL label. Test for compatibility prior to mixing and application with other chemicals. Always test new tank mix combinations before widespread use. If unsure, check with the manufacturers or contact your local State Extension Service if you have questions.

Note: Not for aquatic use.

MIXING

Fill the tank half-way with water and start mild agitation. Then add SQUALL to the spray tank before adding pesticides and nutrients and continue adding desired amount of water while maintaining agitation. Always follow labeled mixing directions for tank mix partners.

RECOMMENDED RATES

For ground application, use 8 fl. oz to 64 fl. oz (0.0625% v/v to 0.5% v/v) per 100 gallons of spray solution.

For aerial application, use 8 fl. oz to 128 fl. oz (0.0626% v/v to 1% v/v) per 100 gallons of spray solution. Do not exceed a rate of 1% v/v.

STORAGE AND DISPOSAL

PROHIBITIONS: Do not contaminate water, food or feed by storage, disposal or cleaning of equipment.

STORAGE: Store in original tightly closed container. Store away from incompatible materials. In the event of spillage or leakage, soak up the material with absorbent clay, sand, sawdust or other absorbent materials.

PRODUCT DISPOSAL: Collect and reclaim or dispose in sealed containers at licensed waste disposal site.

CONTAINER DISPOSAL: Triple rinse container and pour rinsate into spray tank. Do not reuse container. Recycling decontaminated containers is the best option of container disposal. Dispose of contents/container in accordance with local/national regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit www.acrecycle.org.

NOTICE OF WARRANTY

To be read prior to using this product. The directions should be followed carefully together with good application practice. Failure to do so may cause injury to crops, animals, man or the environment. Extraordinary or unusual weather conditions may affect product performance and/or crop injury which are beyond the control of Oro Agri, Inc. (the "Company") or seller. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the Directions For Use. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Company's election, ONE of the following: 1. Refund of the purchase price paid by buyer or user for product bought. 2. Replacement of the product used. To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company/seller offer this product and the buyer/user accepts it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
