DIRECTIONS FOR USE

It is a violation of Federal law to use this product in any manner inconsistent with its labeling. This labeling must be in the possession of the user at the time of herbicide application.

See the "PRODUCT INFORMATION" and "APPLICATION EQUIPMENT AND TECHNIQUES" sections of the DuPont™ FeXapan™ herbicide Plus VaporGrip® Technology product label for important use information. In the event that there are any inconsistencies with the directions for use between this 24(c) label and any other labeling for this product, follow the directions for use on this 24(c) label.

TYPES OF APPLICATIONS: Preplant; At-Planting; Preemergence; Postemergence (In-crop)

DuPont™ FeXapan™ herbicide Plus VaporGrip® Technology is approved by U.S. EPA to be used in the following states, subject to county restriction as noted: Alabama, Arkansas, Arizona, Colorado, Delaware, Florida (excluding Palm Beach County), Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Michigan, Minnesota, Mississippi, Missouri, Nebraska, New Jersey, New Mexico, New York, North Carolina, North Dakota, Oklahoma, Ohio, Pennsylvania, South Carolina, South Dakota, Tennessee (excluding Wilson County), Texas, Virginia, West Virginia, Wisconsin

RESTRICTIONS/LIMITATIONS

TRAINING REQUIREMENT:

Auxin Herbicides - Best Management Practices (2018):

Prior to applying this product postemergence in-crop on dicamba-tolerant cotton or dicamba-tolerant soybeans for the 2018 growing season and prior to each growing season thereafter, all dicamba applicator(s) including commercial applicators, private applicators, and non-certified applicators working under their direct supervision must complete dicamba or auxin-specific training. Training must be completed annually before each growing season. The annually updated training: "Auxin Herbicides - Best Management Practices" must be approved by the North Carolina Department of Agriculture and Consumer Services. For more information on this training, contact the North Carolina Department of Agriculture and Consumer Services at 919-733-3556 or your local County Cooperative Extension Service office.

Failure to follow label requirements could result in severe injury or destruction to desirable sensitive broadleaf crops and trees when contacting their roots, stems or foliage.

Before making an application, the applicator must survey the application site for neighboring non-target susceptible crops, for example, tobacco, tomatoes, grapes, watermelon, sweet potato, peanut, pepper, beans, non-dicamba tolerant cotton, and non-dicamba tolerant soybean. The applicator must also consult applicable sensitive crop registries to identify any commercial specialty or certified organic crops that may be located near the application site.

DO NOT APPLY this product when the wind is blowing toward adjacent dicamba susceptible crops, including but not limited to, tobacco, grapes, watermelon, sweet potato, peanut, pepper, beans, non-dicamba tolerant cotton, and non-dicamba tolerant soybean, commercially grown tomatoes, fruit trees, flowers, ornamentals, peas, potatoes, sunflower, EPA crop group 8 (fruiting vegetables such as tomato, pepper, eggplant, others) and EPA group 9 (cucurbits vegetables such as cantaloupe, cucumber, squash, watermelon, others), other broadleaf plants, and including plants in a greenhouse. .

RECORD KEEPING:

In addition to the record keeping requirements on the label: All applicators must complete each record within 72 hours of completing the application and include the name of each applicator who made the application. Each field in which an application is made shall require a separate record.
