

HSOC COC

Oil Concentrate | Penetrant

Seed Care Inc.

PRINCIPAL FUNCTIONING AGENTS

Paraffinic petroleum oil.....	60%
Selected emulsifier blend.....	40%
TOTAL.....	100%

All ingredients are exempt from tolerance under 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN WARNING

Read label before use. Keep container tightly closed. Keep only in original container. Avoid breathing dust, fume, gas, mist, vapors or spray. Wash thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves, protective clothing, eye protection.

FIRST AID

Call a poison control center or doctor immediately for treatment advice. Have the product container with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do then continue rinsing.

IF ON SKIN OR CLOTHING: Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water for several minutes.

IF SWALLOWED: Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person. **DO NOT INDUCE VOMITING.**

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth to mouth if possible.

GENERAL INFORMATION

HSOC COC significantly improves the penetration of the pesticide through wetting resistant, waxy or weather hardened surfaces.

HSOC COC is an industry standard paraffinic oil and emulsifier blend for use whenever the active ingredient label recommends a concentrated crop oil (COC).

HSOC COC may be used in the place of a concentrated crop oil (COC) at one-half the use rate of the COC label recommendation.

DIRECTIONS FOR USE

Follow the recommendations of the most restrictive active ingredient label.

Tank mixtures should only be applied within the label recommendations of every product in the tank mixture.

Use only if a COC, paraffinic oil and a penetrant are not excluded on the label.

Care should be taken in treating sensitive crops during drought stress, high temperatures and high humidity.

If the user does not have experience with the mixture being applied, perform a jar test using the order and amounts in the mixture and perform a phytotoxicity test to ensure crop safety.

Order of addition

In general, follow the W-A-L-E-S plan when adding herbicides to a tank mix.

1. Wettable Powders (WP) then Flowables (F, DF)
2. Agitate then add anti-foaming compounds, buffers
3. Liquid and Soluble products
4. Emulsifiable concentrates (EC)
5. HSOC COC and other adjuvants

To prepare for pesticide application, fill spray tank one-half full with water and begin agitation. Add pesticide or fertilizer as recommended and then add HSOC COC while continuing agitation. Continue to agitate, until tank is full and agitate before and during each application.

USE RATES

Ground, Aerial, Low volume, CDA: use 2-4 pints per 100 gallons water or 0.25-0.50% v/v concentration.

With photosynthesis inhibitor products such as atrazine: use 1 pint per acre.

Do not exceed 1% v/v per acre.

STORAGE AND DISPOSAL

Storage: Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. **STORE BETWEEN 40° AND 90° F.**

Disposal: Do not contaminate water, food or feed by storage or disposal. Dispose of contents in container to an approved waste disposal facility in accordance with all local, regional, national and international regulations. Triple rinse (or equivalent) during mixing and loading. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org.

For Emergency, Spill, Leak, Fire, Exposure, or Accident.
