

Section 24(c) Special Local Need Label

DIQUAT DIBROMIDE	GROUP	22	HERBICIDE
------------------	-------	----	-----------

FOR DISTRIBUTION AND USE ONLY WITHIN THE STATE OF GEORGIA

Tribune® Herbicide For Control of Hydrilla in Aquatic Areas

EPA Reg. No. 100-1390
EPA SLN No. GA-160001

Active Ingredient:

Diquat dibromite [6,7-dihydrodipyrido (1,2-a:2',1'-c) pyrazinedium dibromide] 37.3%

Other Ingredients: 62.7%

Total: 100.0%

Contains 2 lbs. Diquat cation per gallon as 3.73 lbs. salt per gallon.

DIRECTIONS FOR USE

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- This label must be in the possession of the user at the time of application.
- Follow all applicable directions, restrictions, Worker Protection Standard requirements, and precautions on the EPA-registered label.
- FAILURE TO FOLLOW THE DIRECTIONS FOR USE AND PRECAUTIONS ON THIS LABEL MAY RESULT IN POOR PEST CONTROL, CROP INJURY, OR ILLEGAL RESIDUES.

Water Use Restrictions Relative to Operating Potable Water Intakes

For applications to public waters in ponds, lakes, reservoirs, marshes, bayous, drainage ditches, canals, streams, rivers and other slow-moving or quiescent bodies of water for control of Hydrilla Do not apply within 1400 feet for rates at 2 gals/acre, or within 700 feet for rates at 1 gal/acre, or within 350 feet for rates equal to or less than 0.5 gal/acre of potable water intake sites. For rates between 1 and 2 gal/acre, distance may be adjusted (e.g. 1 3/4 = 1225, 1 1/2 = 1050, 1 1/4 = 875').

To make applications within these restricted areas, the intake must be turned off for the time period specified on the Federal label [titled, Water Use Restrictions Following Applications With Tribune (see below)] or until the treated area contains less than the designated maximum contaminant level (MCL) of 0.02 mg/L (ppm) of diquat dibromide (calculated as the cation by an approved assay [example: PAM II Spectromatic Method]).

This restriction does not apply where applications of Tribune are made to dense weeds that completely cover the water surface and minimal amounts of Tribune could reach the water.

Use of Tribune for Submersed Weeds at Water Depths Greater than 4 feet

Tribune is labeled for use at rates up to 2 gal/surface acre. These rates are based on a maximum water depth of 4 feet. If water depth exceeds 4 feet, higher rates per surface acre may be required for submersed weeds to obtain control.

Application Rates for Submersed Weeds

WATER DEPTH	RATE OF TRIBUNE PER TREATED SURFACE ACRE
< 2 feet	0.5 - 1.0 gal
2-4 feet	1.0 - 2.0 gal
5 feet	1.0 - 2.5 gal
6 feet	1.0 - 3.0 gal
7 feet	1.0 - 3.5 gal
8 feet	1.0 - 4.0 gal
9 feet	1.0 - 4.5 gal
10 feet	1.0 - 5.0 gal
11 feet	1.0 - 5.5 gal
12 feet	1.0 - 6.0 gal

Tribune (Days)

Application Rate	Drinking	Fishing and Swimming	Livestock Consumption	Spray Tank Applications** and Irrigation to Turf and Ornamentals	Spray Tank Applications** and Irrigation to Food Crops
≥ 2 gal/surface acre	3 days	0	1 day	3 days	5 days
1 gal/surface acre	2 days	0	1 day	2 days	5 days
0.75 gal/surface acre	2 days	0	1 day	2 days	5 days
0.50 gal/surface acre	1 day	0	1 day	1 day	5 days
Spot spray* (< 0.5 gal/surface area)	1 day	0	1 day	1 day	5 days

* Rates refer to total surface area.

** For preparing agricultural sprays for food crops, turf or ornamentals (to prevent phytotoxicity), do not use water treated with Tribune before the specified time period.

When the contents of more than one spray tank is necessary to complete a single aquatic application, no water holding restrictions apply between the consecutive spray tanks.

No applications are to be made in areas where commercial processing of fish, resulting in the production of fish protein concentrate or fish meal, is practiced. Before application, coordination and approval of local and/or State authorities must be obtained.

PRECAUTIONS AND RESTRICTIONS

Do not use water from treated areas for watering livestock, for preparing agricultural sprays for crops, turf or ornamentals, for irrigation or for drinking water purposes within the periods described on the Federal label. Prior to using this product in a particular county, contact the local Extension Service Office or the U.S. Fish and Wildlife Service for procedures and precautions to protect the endangered or threatened species.

NOTE: Persons using this product must comply with all applicable directions, restrictions, precautions and worker safety rules found on this labeling and that of the federally registered Tribune label.
