## CAUTION

See additional precautionary statements and directions for use on the container label.

**EPA Reg. No. 100-1469**

Use of Afla-Guard GR according to this labeling is subject to the use precautions and limitations imposed by the label affixed to the container for Afla-Guard GR. All applicable directions, restrictions and precautions on the EPA registered label are to be followed. Before using Afla-Guard GR as permitted according to this supplemental label, read and follow all applicable directions, restrictions, and precautions on the EPA registered label on or attached to the pesticide product container. This Supplemental Labeling contains revised use instructions and or restrictions that may be different from those that appear on the container label. This Supplemental Labeling must be in the possession of the user at the time of pesticide application. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

## **DIRECTIONS FOR USE**

### **Almond and Pistachio**

#### **Ground Application:**

1. Apply Afla-Guard GR to the surface of the soil under the plant canopy with a granular applicator. **DO NOT COVER THE APPLIED PRODUCT WITH SOIL.**
2. Adjust the applicator to optimize delivery of Afla-Guard GR under the canopy and to minimize delivery of Afla-Guard GR to areas that do not get wet.
3. Afla-Guard GR has been shown to be effective when applied in Pistachio from late May through early July, and in Almond from late May through early July.
4. Rain or irrigation within 3 days after application of Afla-Guard GR will improve results.
5. Use 10 lb of Afla-Guard GR per acre.
6. Do not apply more than once per year.
7. Do not apply to almonds in bloom.
