

## SAFETY DATA SHEET

## GLACIAL SPRAY FLUID

SDS REVISIONS: ALL SECTIONS DATE OF ISSUE: 03/11/2020

SUPERSEDES: 01/16/2015

### 1. PRODUCT AND COMPANY IDENTIFICATION

#### Product identifier

**Product Name** GLACIAL SPRAY FLUID

#### Other means of identification

**Product Code** PST-0099

**Synonyms** None

**Registration Number(s)** 34704-849

#### Recommended use of the chemical and restrictions on use

**Recommended Use** Horticultural Spray Fluid for Insect, Mite and Disease Control.

**Uses advised against** No information available

#### Details of the supplier of the safety data sheet

##### **Manufacturer Address**

LOVELAND PRODUCTS, INC.

P.O. Box 1286

Greeley, CO 80632-1286

##### Emergency telephone number

**Company Phone Number** 1-888-LPI-CUST (574-2878)

**Emergency Telephone** Chemtrec 1-800-424-9300

Medical Emergencies: 1-866-944-8565

US regulations require reporting spills of this material that could reach any surface waters.

The toll-free phone number for the US Coast Guard National Response Center is

1-800-424-8802

### 2. HAZARDS IDENTIFICATION

#### Classification

##### **OSHA Regulatory Status**

This chemical is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

#### Label elements

The product contains no substances which at their given concentration, are considered to be hazardous to health

#### Hazards not otherwise classified (HNOC)

Not applicable

## SAFETY DATA SHEET

## GLACIAL SPRAY FLUID

SDS REVISIONS: ALL SECTIONS DATE OF ISSUE: 03/11/2020

SUPERSEDES: 01/16/2015

### 3. COMPOSITION/INFORMATION ON INGREDIENTS

#### Mixture

| Chemical Name | CAS No    | Weight-% | GHS Classification | Trade Secret |
|---------------|-----------|----------|--------------------|--------------|
| Mineral Oil   | 8042-47-5 | 60 - 100 |                    | *            |

\*The exact percentage (concentration) of composition has been withheld as a trade secret.  
OSHA Hazard Communication 29 CFR 1910.1200

### 4. FIRST AID MEASURES

#### Description of first aid measures

|                |                                                                                                                                                                                   |
|----------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| General advice | (Get medical attention immediately if symptoms occur.).                                                                                                                           |
| Eye contact    | Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician. Call a poison control center or doctor for treatment advice. |
| Skin contact   | Take off contaminated clothing. Call a poison control center or doctor for treatment advice.                                                                                      |
| Inhalation     | Remove to fresh air.                                                                                                                                                              |
| Ingestion      | Clean mouth with water and drink afterwards plenty of water.                                                                                                                      |

#### Most important symptoms and effects, both acute and delayed

|          |                           |
|----------|---------------------------|
| Symptoms | No information available. |
|----------|---------------------------|

#### Indication of any immediate medical attention and special treatment needed

|                    |                                                                                                                                                                                                                                                   |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Treatment:         | Treat symptomatically. Symptoms may be delayed. Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also call 1-866-944-8565 for emergency medical treatment information. |
| Note to physicians | Treat symptomatically.                                                                                                                                                                                                                            |
| Antidotes          | No data available                                                                                                                                                                                                                                 |

### 5. FIRE-FIGHTING MEASURES

#### Suitable extinguishing media

Use extinguishing agent suitable for type of surrounding fire, Use CO<sub>2</sub>, dry chemical, or foam

#### Explosion data

Sensitivity to Mechanical Impact None.

Sensitivity to Static Discharge None.

#### Protective equipment and precautions for firefighters

Self-contained breathing apparatus and full protective gear should be worn in fighting large fires involving chemicals. Use water spray to keep fire exposed containers cool. Keep people away. Isolate fire and deny unnecessary entry.

## SAFETY DATA SHEET

## GLACIAL SPRAY FLUID

SDS REVISIONS: ALL SECTIONS DATE OF ISSUE: 03/11/2020

SUPERSEDES: 01/16/2015

### 6. ACCIDENTAL RELEASE MEASURES

#### Personal precautions, protective equipment and emergency procedures

**Personal precautions** Ensure adequate ventilation, especially in confined areas.

#### Environmental precautions

**Environmental precautions** See Section 12 for additional ecological information.

#### Methods and material for containment and cleaning up

**Methods for containment** Prevent further leakage or spillage if safe to do so.

**Methods for cleaning up** Use personal protective equipment as required. Dam up. Cover liquid spill with sand, earth or other non-combustible absorbent material. Take up mechanically, placing in appropriate containers for disposal. Clean contaminated surface thoroughly.

### 7. HANDLING AND STORAGE

#### Precautions for safe handling

**Advice on safe handling** Handle in accordance with good industrial hygiene and safety practice.

#### Conditions for safe storage, including any incompatibilities

**Storage Conditions** Keep containers tightly closed in a dry, cool and well-ventilated place.

**Incompatible materials** Strong oxidizing agents. Acids. Bases. Reducing agents.

## SAFETY DATA SHEET

## GLACIAL SPRAY FLUID

SDS REVISIONS: ALL SECTIONS DATE OF ISSUE: 03/11/2020

SUPERSEDES: 01/16/2015

### 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### Control parameters

##### **Exposure Guidelines**

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

#### Appropriate engineering controls

##### **Engineering Controls**

Showers  
Eyewash stations  
Ventilation systems.

#### Individual protection measures, such as personal protective equipment

##### **Eye/face protection**

Tight sealing safety goggles. Face protection shield.

##### **Skin and body protection**

Wear impervious protective clothing, including boots, gloves, lab coat, apron or coveralls, as appropriate, to prevent skin contact.

##### **Respiratory protection**

Dependent on job function. If vapors or dusts exceed acceptable levels, wear a MSHA/NIOSH approved air-purifying respirator with any cartridges/filters approved for pesticides. If respirators are used, a program should be in place to assure compliance with 29 CFR 1910.134, the OSHA Respiratory Protection Standard. Wear a supplied air respirator if exposure concentrations are unknown.

##### **General Hygiene Considerations**

Handle in accordance with good industrial hygiene and safety practice.

### 9. PHYSICAL AND CHEMICAL PROPERTIES

#### Information on basic physical and chemical properties

|                |                       |
|----------------|-----------------------|
| Physical state | Liquid                |
| Appearance     | Clear liquid          |
| Color          | Clear to light yellow |
| Odor           | Slight petroleum      |
| Odor threshold | No data available     |

| <u>Property</u>                | <u>Values (Remarks - Method)</u> |
|--------------------------------|----------------------------------|
| pH                             | Neutral                          |
| Melting point / freezing point | No data available                |
| Boiling point                  | No data available                |
| Flash point                    | 177 °C / 350 °F (Tag Closed Cup) |
| Evaporation rate               | No data available                |
| Flammability (solid, gas)      | No data available                |
| Flammability Limit in Air      |                                  |
| Upper flammability limit:      | No data available                |
| Lower flammability limit:      | No data available                |
| Vapor pressure                 | No data available                |
| Vapor density                  | No data available                |
| Specific Gravity               | 0.8507 - 0.8747 g/ml             |
| Water solubility               | Soluble in water                 |
| Solubility in other solvents   | No data available                |
| Partition coefficient          | No data available                |
| Autoignition temperature       | No data available                |
| Decomposition temperature      | No data available                |
| Kinematic viscosity            | No data available                |
| Dynamic viscosity              | No data available                |
| Explosive properties           | No data available                |
| Oxidizing properties           | No data available                |

#### Other Information

|                 |                   |
|-----------------|-------------------|
| VOC Content (%) | No data available |
| Density         | 7.1 - 7.3lbs/gal  |

**Note:** These physical data are typical values based on material tested but may vary from sample to sample. Typical values should not be construed as a guaranteed analysis of any specific lot or as specification items.

### 10. STABILITY AND REACTIVITY

#### Reactivity

No data available

#### Chemical stability

Stable under recommended storage conditions.

#### Possibility of Hazardous Reactions

Hazardous polymerization does not occur. None under normal processing.

#### Conditions to avoid

Extremes of temperature and direct sunlight.

#### Incompatible materials

Strong oxidizing agents. Acids. Bases. Reducing agents.

#### Hazardous Decomposition Products

Thermal decomposition can lead to release of irritating and toxic gases and vapors. Carbon oxides.

### 11. TOXICOLOGICAL INFORMATION

Acute toxicity of the formulated product: 5 mg/l (rat, 4-hr)

#### Sensitization

Possible skin sensitizer.

| Chemical Name | Oral LD <sub>50</sub> | Dermal LD <sub>50</sub> | Inhalation LC <sub>50</sub> |
|---------------|-----------------------|-------------------------|-----------------------------|
| Mineral Oil   | > 5000 mg/kg ( Rat )  |                         |                             |

#### Delayed and immediate effects as well as chronic effects from short and long-term exposure

Germ cell mutagenicity

No information available.

Carcinogenicity

No information available.

Reproductive toxicity

No information available.

STOT - single exposure

No information available.

STOT - repeated exposure

No information available.

Aspiration hazard

May pose an aspiration pneumonia hazard.

#### Information on likely routes of exposure

##### Product Information

No data available

##### Inhalation

No data available.

##### Eye contact

Irritating to eyes.

##### Skin contact

Irritating to skin.

##### Ingestion

No data available.

| Mineral Oil<br>8042-47-5 | -                    | LC50 10000 mg/L 96 h Lepomis<br>macrochirus | -         |

**Persistence and degradability**

No information available.

**Bioaccumulation**

No information available.

**Other adverse effects**

No information available

**13. DISPOSAL CONSIDERATIONS****Waste treatment methods****Disposal of wastes**

Wastes may be disposed of on site or at an approved waste disposal facility. Triple rinse (or equivalent), adding rinse water to spray tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by appropriate authorities. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at <http://www.acrecycle.org/>. Do not contaminate water, food or feed by storage or disposal.

**Contaminated packaging**

Do not reuse container.

**14. TRANSPORT INFORMATION****DOT**

UN/ID no

#### US Federal Regulations

##### SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

##### SARA 311/312 Hazard Categories

|                                   |    |
|-----------------------------------|----|
| Acute health hazard               | No |
| Chronic Health Hazard             | No |
| Fire hazard                       | No |
| Sudden release of pressure hazard | No |
| Reactive Hazard                   | No |

##### CWA (Clean Water Act)

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

##### CERCLA

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material

#### US State Regulations

##### California Proposition 65

This product does not contain any Proposition 65 chemicals

##### U.S. EPA Label Information

EPA Registration Number 34704-849

##### EPA Statement

This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace labels of non-pesticide chemicals. Following is the hazard information as required on the pesticide label:

CAUTION

##### Difference between SDS and EPA Pesticide label

Harmful if swallowed or absorbed through skin or inhaled. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals. This product is a potential skin sensitizer. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.
