

# Mor-Bor 17

## SOLUBLE FOLIAR BORON

### GUARANTEED ANALYSIS

Boron (B) ..... 17.00%

DERIVED FROM: Orthoboric Acid.

**WARNING:** This fertilizer contains boron. Its use on any other plants or under any other conditions other than those specified on the label may result in plant injury.

### KEEP OUT OF REACH OF CHILDREN

## WARNING

Harmful if swallowed. Harmful if inhaled.

### PRECAUTIONARY STATEMENTS

Avoid breathing dusts or fumes. Wash thoroughly after handling.  
Do not eat, drink or smoke when using this product. Use only outdoors or in a well-ventilated area.

### FIRST AID

In all cases, call a poison control center or doctor for further treatment advice. **IF SWALLOWED:** Call a poison control center or doctor if you feel unwell. Rinse mouth. **IF INHALED:** Remove person to fresh air and keep comfortable for breathing. Call a poison control center or doctor if you feel unwell.

99.73% of the mixture consists of component(s) of unknown acute oral toxicity. 99.73% of the mixture consists of component(s) of unknown acute inhalation toxicity.

### STORAGE AND DISPOSAL

Store in a safe manner. Store in original container only and keep tightly sealed when not in use. Store product and dispose of unused product and empty containers in accordance with federal, state and local regulations.

### GENERAL RECOMMENDATIONS

**Mor-Bor 17** is a concentrated, readily-available source of boron for foliar applications to plants. **Mor-Bor 17** contains no sodium and is formulated to give a slightly acidic reaction in an aqueous solution. **Mor-Bor 17**, at a rate of 5.8 pounds, provides 1 pound a. i. of boron.

**FOLIAR APPLICATIONS:** Use sufficient volume for thorough coverage. Boron is not easily translocated within the plant, therefore multiple applications at lower rates during the growing season are most effective. May be applied by air, concentrate sprayer, or conventional ground sprayer.

### DIRECTIONS FOR USE

**POME FRUIT:** Boron deficiency program (leaf analysis of 0 to 29 PPM). Apply up to 6 pounds **Mor-Bor 17** per acre per application.

Boron maintenance program (leaf analysis of 30 to 80 PPM). Apply up to 3 pounds **Mor-Bor 17** per acre per application.

**STONE FRUIT:** Boron deficiency program (leaf analysis of 0 to 39 PPM). Apply up to 6 pounds **Mor-Bor 17** per acre per application.

Boron maintenance program (leaf analysis of 40 to 80 PPM). Apply up to 3 pounds **Mor-Bor 17** per acre per application.

**HOPS:** Apply 1 to 3 pounds **Mor-Bor 17** per acre per application.

**MINT:** Apply 1 to 3 pounds **Mor-Bor 17** per acre per application.

**OTHER CROPS:** Apply rates recommended by local Extension Agents and consultants for the specific crop to be treated.

### PRECAUTIONS

**WARNING:** Over-application or excessive use of boron on tree fruit and other crops can result in boron toxicity. Leaf analysis of 100 PPM or greater is considered excessive for tree fruit. Boron may cause foliar damage or serious crop injury. Check plant sensitivity to boron prior to use.

**COMPATIBILITY:** **Mor-Bor 17** is compatible with many liquid fertilizers, micronutrients, and pesticides. Addition of **Mor-Bor 17** to these products should not be done without first testing compatibility on a small scale.

**NOTICE:** Information regarding the contents and levels of metals in this product is available on the internet at: <http://www.aapfc.org/metals.html>.

### NON-WARRANTY

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability of fitness for a particular purpose, expressed or implied, extends to the use, storage or handling of the product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use. These risks include, but are not limited to damage of plants, crops and animals to which the material is applied, failure to control pests, damage caused by drift to other plants or crops and personal injury.
