UltraSurf AMS

MAKES HERBICIDES WORK BETTER, FASTER AND LONGER!

ACTIVE INGREDIENTS		
Nonionic Surfactant	20%	
Ammonium Sulfate Solution	80%	
Total 1	00%	

All ingredients in this product are exempt from the requirements of a tolerance as specified in federal regulation 40 CFR 180.1001 for use in growing crops and raw agricultural commodities.

GENERAL INFORMATION:

UltraSurf AMS is a premixed formulation of ammonium sulfate (AMS) solution and nonionic surfactant. UltraSurf AMS is primarily designed to be used with the glyphosate family of crop protection herbicides but can also fit with many other herbicide labels that call for nonionic surfactant and AMS inclusions.

ULTRASURF AMS IS DESIGNED TO:

- Make glyphosate herbicide formulations work better by quarding against hard water antagonism
- Offer faster wetting and spreading enhancing herbicide movement through the cuticle on the leaf surface
- 3. Increase the percentage of glyphosate absorbed into the phloem of the plant

UltraSurf AMS makes herbicides work better, faster and longer than many other adjuvant formulations.

DIRECTIONS FOR USE:

Quarts/100 gal. Nonionic Surfactant (NIS)	Pounds/100 gal. Ammonium Sulfate (AMS)
` ,	4.25 pounds (0.5% v/v)
2 quarts	8.50 pounds (1% v/v)
4 quarts	17.00 pounds (2% v/v)
	Nonionic Surfactant (NIS) 1 quart 2 quarts

The amount of UltraSurf AMS to add to a 10 gallon per acre application rate mixture would be:

- 1. One pint (1 pt.) per acre to get 1 qt. NIS v/v and 0.5% v/v of AMS
- 2. One quart (1 qt.) per acre to get 2 qt. NIS v/v and 1% v/v of AMS
- 3. Two quart (2 qt.) per acre to get 4 qt. NIS v/v and 2% v/v of AMS

MIXING INSTRUCTIONS: Always read and follow specific mixing instructions on the herbicide label.

STORAGE AND HANDLING REQUIREMENTS: Store product in original container only. Do not spill, or store near heat or open flame. Keep the container closed when not in use and take care to prevent any water from entering the container. Dispose of empty container by triple rinsing and discard empty containers in a landfill or recycle according to state and local regulations.

CAUTION

KEEP OUT OF REACH OF CHILDREN

READ ENTIRE LABEL BEFORE USING

Not intended for human or animal consumption. See STATEMENT OF PRACTICAL TREATMENT for additional information. Read and understand the entire DIRECTIONS FOR USE and the NOTICE OF WARRANTY before using this product.

STATEMENT OF PRACTICAL TREATMENT: Avoid contact with eyes, skin and clothing. May be harmful if swallowed. In case of eye contact, immediately flush with large quantities of water for at least 15 minutes. Call a physician. In case of skin contact, wash affected area with soap and water. Remove and launder contaminated clothing before reuse. In case of ingestion, consume 1 to 2 glasses of water and induce vomiting. DO NOT induce vomiting or give anything by mouth to an unconscious person. Call a physician or Poison Control Center immediately.

NOTICE OF WARRANTY: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label only when used in accordance with label directions under normal conditions of use. SELLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTIES EITHER OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE. IN NO CASE WILL SELLER BE HELD LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE HANDLING, STORAGE, OR INCORRECT USE OF THIS PRODUCT.
