

Micro Green® 10 • 10-4-16

DESCRIPTION: 100% AVAILABLE PROFESSIONAL MICRO SIZE GREENS FERTILIZER

BENEFITS: BEST® MICRO GREEN® 10 10-4-16:

- Is a very high-quality small particle homogeneous greens fertilizer with a high K₂O ratio of macro nutrients.
- Is 100% available (no slow release). These micro size pellets will "water in" very quickly and provide the professional superintendent with quick predictable results.
- Consistent use will take the guesswork out of residual nitrogen (slow release) availability in the soil. This is especially useful during hot summer months when nitrogen management is critical for disease suppression.
- Contains Sulfate of Potash for the turf manager who is concerned about excess chlorides in the soil.
- Is not a blend of several particles. MICRO GREEN is a homogeneous (all nutrients in each pellet) material with Sulfur, and 3.0% Iron.
- Represents a cost-effective alternative to slow release and water soluble fertilizers.
- Is very economical. MICRO GREEN is less than half the price of most commonly used greens fertilizers.

APPLICATION RATES:

Lbs. of Actual Nitrogen desired per 1,000 sq.ft.	Lbs. of Micro Green® 10-4-16 To Apply per 1,000 sq.ft.	Lbs. of Actual K ₂ O Applied per 1,000 sq. ft.
1/3	3.3	0.5
1/2	5.0	0.8
3/4	7.5	1.2

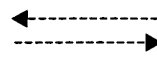

PRODUCT COVERAGE:

**ONE 50-LB. BAG COVERS 6,600 TO 15,000 SQ. FT.
(1/3 to 3/4 lb. actual Nitrogen per 1,000 sq. ft.)**

NOTE: Spreader settings are guidelines only. Spreaders should be checked for accuracy.

APPLICATION PRECAUTIONS:

- Apply to dry turf and irrigate thoroughly immediately after application.
- Do not apply to moist or wet turf.
- Do not over apply.
- If spreader settings are not listed for your spreader, or if your spreader is not in good working order, use discretion to establish an accurate spreader setting.
- **The particles in this product flow very easily and quickly. Caution should be used to prevent over application.**

GUARANTEED ANALYSIS:

TOTAL NITROGEN (N).....	10.00%
10.00% Ammoniacal Nitrogen	
AVAILABLE PHOSPHATE (P ₂ O ₅).....	4.00%
SOLUBLE POTASH (K ₂ O).....	16.00%
Sulfur (S)	17.00%
Iron (Fe)	3.00%

Derived from Monoammonium Phosphate, Ammonium Sulfate, Sulfate of Potash, and Iron Oxysulfate.
