Horticultural Oil

DIRECTIONS FOR USE

Agricultural Use

Use at the rate of 64 fl. Oz. to 96 fl. Oz. with 24 fl. oz. to 32 fl. oz. of Debug® Turbo per acre. Follow the application instructions given with Debug® Turbo product

SPILL AND LEAK CONTROL

Contain Spill or leak with sand, earth or inert material. Use cautious judgment when cleaning up large spills. Recover spill, put in suitable container immediately. Dispose of in accordance with local, state and federal regulations.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

STORAGE: Keep in original packaging in cool and dry place away from sunlight and foodstuffs. Do not refrigerate. For commercial agricultural use.

DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into the application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling, if available or puncture and dispose of in a sanitary landfill or by incineration. Do not burn unless allowed by state or local ordinances.

CONDITIONS OF SALE:

Due to weather and other conditions beyond the control of the seller, seller's liability from use, storage and handling is limited to replacement of the product, or refund of the purchase price at the discretion of the seller. Seller warrants that this product reasonably fits the purpose stated on this label when used in accordance with directions under normal use conditions.
