

TRACEMAKER BORON 10%

GUARANTEED ANALYSIS

Boron (B)10%

Derived From: Boric Acid.

Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.wa.gov/agr/>.

NOTE: The addition of this product will buffer the final solution. The pH will drop 1 to 2 digits depending on water hardness and rates.

NOTE: When mixing solubles with other chemicals, all chemical labels should be read in their entirety to ensure both chemical compatibility, and compatibility based on the pH.

CAUTION: This product contains boron. Do not apply to boron sensitive crops. May result in serious injury to crops.

PRECAUTIONARY STATEMENTS: Hazardous to human and domestic animals. Harmful if swallowed. May cause eye and skin irritation. In case of contact, immediately flush eyes or skin with plenty of water.

TRACEMAKER LIQUID BORON is a solution of plant food boron that when used according to recommendations will help control boron deficiencies. It is specially formulated to enhance uptake and leaf absorption as well as solubility in both water and NPK fertilizer materials.

TRACEMAKER LIQUID BORON can be tank mixed with water and/or most pesticides and incorporated in NPK fertilizer materials. It can be foliar sprayed, injected through irrigation systems or applied broadcasts.

DIRECTIONS FOR USE

FOLIAR: TRACEMAKER LIQUID BORON will disperse in water with minimal agitation. Follow the mixing sequence: 1. Water 2. Boron 3. Pesticide. Minimum GPA: 20 ground, 5 Air.

FLUID FERTILIZER MFG: TRACEMAKER LIQUID BORON does not require pre- mixing before addition to fertilizer. When mixing in a batch tank, add water or nitrogen solution before adding phosphate material. Mix thoroughly.

Weight Per Gallon (3.785 L) 11 lbs. (5 kg)

Do Not Store Below 32° F (0° C).

NET CONTENTS:

5 GALLONS (19 L); 55 POUNDS (25 kg)

2.5 GALLONS (9.5 L); 27.5 POUNDS (12.50 kg)
