

AGRA SOL Zinc-Manganese-Iron

Chelated Micronutrients

AGRA SOLs are concentrated minor element complexes for plant nutrition. 4 pounds of this product is equivalent to 1 gallon of most liquid micronutrient chelates. **AGRA SOLs** are designed for foliar or ground application. **AGRA SOLs** are compatible with non-phosphorous liquid fertilizers. **AGRA SOLs** may be added to dry, granular fertilizer formulations.

RATES OF APPLICATION

Citrus

Apply 6 - 12 pounds of **AGRA SOL** per acre post-bloom spray to control micronutrient deficiencies. Summer or dormant applications may be made using 4 – 8 pounds per acre.

Row Crops And Vegetables

Incorporate 1 pound of **AGRA SOL** per acre into regular spray program as needed.

ULV and Aerial Application

The above rates are acceptable for use in 5 – 15 gallons of water per acre. Always check compatibilities in a jar prior to application. Good agitation is recommended.

MIXING INSTRUCTIONS

Fill mix tank to one half with water. Next add **AGRA SOL** and allow to dissolve totally before adding other materials. Premixing **AGRA SOLs** before adding spray to rigs is recommended where agitation is poor. Add desired amounts to partially filled spray tank with agitation. Keep agitated during spray operations.

Optimum rates of application will vary between crops and fields, depending on soil and organic matter content. For best results, follow soil test or plant analysis recommendations.

CAUTION: KEEP OUT OF REACH OF CHILDREN MAY BE HARMFUL IF SWALLOWED

In case of contact with eyes, flush with water. Contact physician if irritation persists. Dispose of container in accordance with local, state and federal regulations.

Warranty: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller; and buyer assumes the risk of any such use.

GUARANTEED ANALYSIS

Manganese as Mn (Chelated)	6.0%
Zinc as Zn (Chelated)	6.0%
Iron as Fe (Chelated)	3.0%

Derived from: Manganese Lignosulfonate, Zinc Lignosulfonate, Iron Lignosulfonate.
