

Brandt Aqua Bio-Trol SS

Microbial Pond Clarifier Super Strength Pucks

General Information

AQUA BIO-TROL is the safe, natural way to establish and maintain cleaner pond and lake water without chemicals. AQUA BIO-TROL SS PUCKS eliminate pond scum and green, soupy conditions, while eliminating foul odors. AQUA BIO-TROL SS PUCKS will improve water clarity and digest excess organic matter in ponds, lakes and fountains.

AQUA BIO-TROL is a microbial system formulated to expedite the establishment of beneficial microbial populations in aquatic environments. This biologically diverse formulation contains 58 strains of select aerobic and facultative bacteria capable of bio-degrading cellulose, lignin, hydrocarbons and other organic contaminants in ponds, lakes and aquaculture settings. Many of the strains also serve to reduce excess nitrates and phosphates from the water column. Typically, you will see an improvement in water clarity within 2 weeks of implementing the program, provided adequate dissolved oxygen levels are maintained!

AQUA BIO-TROL SS PUCKS provide two times the active beneficial bacterial colonies per pound, compared to the granular form.

BRANDT

Manufactured By:
Brandt Consolidated, Inc.
2935 South Koke Mill Road
Springfield, Illinois 62711 USA
www.brandtconsolidated.com
800.300.6559

Active Ingredients

A proprietary blend of 58 strains of aerobic and facultative beneficial bacteria @ a minimum concentration of 6.6×10^7 CFU per ml (including *Bacillus subtilis*)

Directions for Use

AQUA BIO-TROL SS PUCKS are most effective when water temperatures range from 50° to 100° F. For best results, provide adequate surface or subsurface aeration.

First Application

Use 14-20 AQUA BIO-TROL SS PUCKS per acre/foot of water. Apply by distributing pucks as much as possible around pond and lake edges. Avoid dumping pucks in one concentrated location.

Subsequent Applications

Use 7 AQUA BIO-TROL SS PUCKS per acre/foot of water once a month or as needed.

KEEP OUT OF REACH OF CHILDREN CAUTION

Avoid contact with skin. If product comes into contact with skin, wash thoroughly. In case of eye contact, wash thoroughly with clear water. If irritation persists, contact a physician. Harmful if swallowed.

Warranty: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller; and buyer assumes the risk of any such use.
