SPREADER-90

CONDITIONS OF SALE

The statements made on this label are believed to be true and accurate, but because of conditions of use which are beyond our control, the manufacturer does not make nor does it authorize any agent or representative to make any warranty or representation, expressed or implied, concerning this material or the use thereof except in conformity with the statements on the label. Neither the manufacturer nor the seller shall be responsible in any manner for any personal injury or property damage or loss resulting to buyer or to other persons from handling, storage or use of this material not in accordance with directions. The buyer assumes all risk and liability resulting from improper handling, storage or use and accepts and uses this material on these conditions. If these conditions are unacceptable to the buyer, he should immediately return the unopened product to the seller.

California Reg. No. 1051080-50035-AA

Principal Functioning Agents

Alkylaryl/polyoxyethylene Glycols
Isopropanol.....90%
Inert Ingredients.....10%
This product meets EPA requirements under Title 40 CFR 180.1001, subparagraph C and D.

GENERAL INFORMATION

BWC SPREADER-90 is a high analysis spreader-activator which gives quick wetting, absorption and aids in assimilation and translocation. BWC SPREADER-90 is low foaming, nonionic, and is 90% active. It can be used with insecticides, miticides, herbicides, defoliant and fungicides.

DIRECTIONS FOR USE

This product may be used in dilute or concentrate sprays. Rates Per 100 Gallons or Less of Spray Mix Per Acre for Acaracides, Insecticides and Fungicides: Aerial application; 4-10 ounces; ground sprayers; 4 ounces; Herbicides and Defoliant: 1-4 pints. Add BWC SPREADER-90 to spray tank first.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Follow all recommended governmental procedures for disposal of pesticide spray solutions. Triple rinse container, empty rinsate and spray tank. Contact county agricultural commissioner for container disposal information.

PRECAUTIONARY STATEMENTS:

WARNING: KEEP OUT OF REACH OF CHILDREN

Hazardous to humans and animals. Causes eye and skin irritations. Ingestion may cause nausea, vomiting, acidosis and shock. When mixing or apply agricultural sprays, always wear protective spray goggles and impervious gloves plus protective clothing as recommended on pesticide labels.

Note: The above use recommendations are considered to be adequate for most uses. Some pesticides, however, may require higher rates for optimum effect. Follow the pesticide label directions when this occurs. However, do not add this product at a rate which exceeds 5% of the total spray volume.

STATEMENT OF PRACTICAL TREATMENT

If this product gets into the eyes, immediately wash the eyes with large amounts of water for at least 15 minutes. Obtain immediate medical treatment. If the product gets on the skin, immediately wash the contaminated area and obtain medical treatment if skin irritation persists. If this product has been swallowed and the person is conscious, immediately give large volumes of water. Do not induce vomiting. Seek immediate medical attention.
