

EXCLAIM™

High Surfactant Crop Oil Concentrate

PRINCIPAL FUNCTIONING AGENTS:

Alkyl ether anionic surfactant blend with sorbitan esters and ethoxylates.....	92.0%
CONSTITUENTS INEFFECTIVE AS SPRAY ADJUVANT	8.0%
Total	100.0%

Contains Petroleum Distillates.

All ingredients are exempt from the requirements of a tolerance in 40 CFR 180.

EPA Est. No. 1386-OH-1

Distributed By:
Universal Crop Protection Alliance, LLC, 1300 Corporate Center Curve, Eagan, MN 55121

FIRST AID

IF INHALED:	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice.
IF SWALLOWED:	<ul style="list-style-type: none"> • Immediately call a poison control center or doctor. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give any liquid to the person. • Do not give anything by mouth to an unconscious person.
IF IN EYES:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

HOTLINE NUMBER

For 24 Hour Medical Emergency Assistance (Human or Animal) call 1-800-308-1241 or for Chemical Emergency Assistance (Spill, Leak, Fire or Accident) call CHEMTREC at 1-800-424-9300.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Causes moderate eye irritation. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with eyes, skin or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco. Remove and wash contaminated clothing before reuse.

Personal Protective Equipment: Wear chemical-resistant gloves, long-sleeved shirt and long pants, and shoes plus socks when mixing or applying Exclaim™.

GENERAL INFORMATION

Exclaim™ is a highly concentrated crop-based spray adjuvant which means that this product can generally be used at one-half the recommended rate of traditional crop oil concentrates. Exclaim™ is a crop-based adjuvant with a blend of phyto bland petroleum oil and a nonionic surfactant emulsifier specially designed for use with postemergence herbicides which recommend the use of a crop oil concentrate.

Exclaim™ has excellent mixing characteristics and is compatible with many tank mixes including clethodim, sethoxydim, fluzafop, fenoxaprop, quizalofop, glyphosate, and many other herbicides. Because Exclaim™ increases the activity of most herbicides, care must be taken in treating sensitive crops during periods when plants are subjected to drought stress, high temperatures and high humidity. Read the entire label of the herbicide being used for best results.

DIRECTIONS FOR USE**For Terrestrial Use Only – Not For Aquatic Use**

Prior to use, read all directions on this label and on the label of the herbicide used. Keep the container tightly closed when not in use. Take care to prevent any water from being introduced to the contents of this container. Even small amounts of water can cause compatibility or performance problems.

Exclaim™ is a low use rate, high surfactant load oil concentrate adjuvant. Exclaim™ is designed to be used at a significantly lower rate than traditional crop oil concentrates while providing comparable performance.

Exclaim™ is generally recommended at a rate of **4 pints per 100 gallons** (0.5% v/v) of spray solution when herbicide labels recommend or require the use of a crop oil concentrate. For spray volumes below 12.5 gallons per acre, use Exclaim™ at 1 pint per acre. For specific crop oil concentrate rate conversions to the proper rate of Exclaim™, refer to the table below.

Conventional Crop Oil Concentrate Label Rates	Exclaim™ Equivalent Rates
1 quart per acre	1 pint per acre
1 gallon per 100 gallons	4 pints per 100 gallons
2-4 quarts per 100 gallons	2-4 pints per 100 gallons
1-2 gallons per 100 gallons	4-8 pints per 100 gallons

Note: For ground applications with spray volumes below 12.5 gallons per acre, use Exclaim™ at 1 pint per acre.

Note: For ground applications do not add this product at a rate which exceeds 2.5% of the finished spray volume.

Note: Exclaim™ may be used at 0.5 pint per acre by air with insecticides or fungicides.

MIXING: Fill the spray tank one-half full with water. Add the required amount of pesticide and AMS, if required, while agitating. Add the remainder of water. **Be sure to allow sufficient time for Ammonium Sulfate solutions and DF formulations to solubilize.** Add the recommended amount of Exclaim™ last and continue agitation until completion of spraying. Do not mix Exclaim™ with AirLink™ in an induction system or container when both products are undiluted. **Once mixed in water, both products are compatible in either mixing order.**

STORAGE AND DISPOSAL

PROHIBITIONS: Do not contaminate water, food or feed by storage, disposal or cleaning of equipment.

STORAGE: Store in original container only and keep sealed. Store in closed storage areas. Use caution when moving, opening, closing or pouring.

ADJUVANT DISPOSAL: Improper disposal of excess spray mixtures or rinsate is a violation of Federal law. Wastes resulting from use of this product may be disposed of through on site spray application or at an approved waste disposal facility.

CONTAINER DISPOSAL: Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. Contact your state and local ACRC recycler or visit the ACRC web page at www.acrecycle.com. Decontaminated containers may also be disposed of in a sanitary landfill. *(continued)*

CONTAINER DISPOSAL FOR BULK AND MINI-BULK: When this container is empty, replace the cap and seal all openings that have been opened during use, and return the container to the point of purchase, or to a designated location named at time of purchase of this product. This container must only be refilled with this pesticide product, Exclaim™. **DO NOT REUSE THE CONTAINER FOR ANY OTHER PURPOSE.** Prior to refilling, inspect carefully for damage such as cracks, punctures, abrasions, worn out threads and closure devices. Check for leaks after refilling and before transporting. Do not transport if this container is damaged or leaking. If the container is damaged or leaking, or obsolete, contact Universal Crop Protection Alliance, LLC at 651-239-1000. If not returned to the point of purchase or to a designated location, triple rinse emptied container and offer for recycling. Disposal of this container must be in compliance with state and local regulations.

For minor spills, leaks, etc., follow all precautions indicated on this label and clean up immediately. Take special care to avoid contamination of equipment and facilities during cleanup procedures and disposal of wastes. In the event of a major spill, fire, or other emergency, call CHEMTREC at 1-800-424-9300, day or night. If the container is damaged and leaking or material has been spilled follow these procedures:

1. Cover spill with absorbent material.
2. Sweep into disposal container.
3. Wash area with detergent and water and follow with clean water rinse.
4. Do not contaminate water supplies.
5. Dispose of according to instructions.

IMPORTANT: READ BEFORE USE

Read the entire Directions For Use and Warranty and Limitation of Damages before using this product. If terms are not acceptable, return the unopened product container at once. By using this product, user or buyer accepts the following conditions and Warranty and Limitation of Damages.

WARRANTY AND LIMITATION OF DAMAGES

Universal Crop Protection Alliance, LLC warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes set forth in the complete Directions For Use label booklet ("Directions") when used in accordance with those Directions under the conditions described therein. **NO OTHER EXPRESS WARRANTY OR IMPLIED WARRANTY OF FITNESS FOR PARTICULAR PURPOSE OR MERCHANTABILITY IS MADE.** This warranty is also subject to the conditions and limitations stated herein.

Buyer and all users shall promptly notify this Company of any claims whether based in contract, negligence, strict liability, other tort or otherwise.

Buyer and all users are responsible for all loss or damage from use or handling which results from conditions beyond the control of this Company, including, but not limited to, incompatibility with products other than those set forth in the Directions, application to or contact with desirable vegetation, unusual weather, weather conditions which are outside the range considered normal at the application site and for the time period when the product is applied, as well as weather conditions which are outside the application ranges set forth in the Directions, application in any manner not explicitly set forth in the Directions, moisture conditions outside the moisture range specified in the Directions, or the presence of products other than those set forth in the Directions in or on the soil, crop or treated vegetation.

Upon opening and using this product, buyer and all users are deemed to have accepted the terms of this Warranty and Limitation of Damages which may not be varied by any verbal or written agreement. If terms are not acceptable, return at once unopened.
