PROTEIN CONTENT**

Net Weight: 24.5 lb. (11.11 kg) • Net Contents: 2.5 Gallons (9.4 L)

18-3-4 FOLIAR FERTILIZER

HAY MAKER™ 18-3-4 FERTILIZER

Hay Maker™ 18-3-4 Fertilizer increases hay and forage production with a resulting increase in protein content.

DIRECTIONS FOR USE ON PASTURES

After first cutting and at first sign of regrowth, apply 1 gallon per acre in 50 gallons of water as a foliar spray. After 2nd and subsequent cuttings, mix 3 quarts per 50 gallons of water and apply at the first sign of regrowth. Make all applications at the coolest time of the day. Hay Maker can be combined with an herbicide and applied at the same time. Wait 24 hours before allowing animals to graze, so the product can fully absorb into the leaf.

Not for use in organic crop and organic food production.

When used as directed, this product does not supply all nutrients required by plants and is to supplement a soil fertility program based on soil tests.

Warranty: Please review and follow the instructions for the intended use of the product as indicated on the label. Use contrary to label instructions may cause adverse consequences. Since Seller cannot assure that the product will be used consistent with the instructions provided, Seller makes no warranty, express or implied concerning the use of this product.

Guaranteed Analysis

Total Nitrogen (N).....	18.00%
5.2% Urea Nitrogen	
2.0% Ammoniacal Nitrogen	
10.8% Other water soluble nitrogen*	
Available Phosphate (P ₂ O ₅).....	3.00%
Soluble Potash (K ₂ O).....	4.00%

Derived from: Urea-triazone, ammonium polyphosphate, potassium acetate.
*Contains 10.8% slowly available nitrogen from urea-triazone.
