

OLIGOS

Natural Functional Feed Additive

GENERAL INFORMATION

Oligos is a natural, functional feed additive that contains fructo and mannan oligosaccharides. Oligosaccharides can modify an animals intestinal ecosystem by stimulating growth of Bifidobacterium and Lactobacillus. They can also stimulate the immune system and reduce the toxins and pathogens in the GI tract to promote animal health and growth.

DIRECTIONS FOR USE

Oligos can be used in premixes, base mixes, concentrates and complete feed.
