## Easy Directions

Shake Well Before Each Use. Contents Will Settle.  
Keep Lid Tightly Closed When Not In Use.

**STOP. READ ENTIRE LABEL FIRST.**

Observe all precautions & follow directions carefully.

### For Use In Watering Cans

**All Outdoor Plants:** ½ capful (4 tsp) per 2 gallons of water  
every 7-14 days. For feeding once or twice a month,  
use up to 1 capful (3 Tbsp) per 2 gallons of water.

**All Houseplants:** ½ teaspoon per gallon of water  
every time you water. For feeding once or twice a month,  
use up to 1 teaspoon per gallon of water.

### For Use In The Schultz™ Super Sprayer®

or any other nonclogging hose-end feeder. If soil is dry, water thoroughly before applying.  
This helps prevent washing away newly applied plant food from surface feeder roots.

Use 2 capfuls (3 fl oz) per 100 sq ft of yard & garden (for example, a 5' x 20' flower garden). Apply weekly. When feeding once or twice a month, use 4 capfuls. The Schultz™ Super Sprayer® feeds like nature when it rains, delivering nutrients equally to all plants. There's no need to measure different amounts of plant food for each plant type when fertilizing your entire yard & garden at the same time. See the Schultz™ Super Sprayer® label for more information.

For feeding plants in containers 8" in diameter or larger, add ¼ capful per pot to feeder. Allow jar to fill with water, turn sprayer upside down, and begin spraying back and forth quickly over all plants, dispensing plant food evenly until the water in jar turns clear.

Spray in "Criss-Cross"  
pattern several times  
over entire area to ensure  
even coverage.

**NOTE:** Consistency, color & sediment  
may vary. These variations do not  
change effectiveness.  
Keeps indefinitely.  
Contains coloring. Avoid spilling.

When applied as directed, this product meets the guidelines for metals  
adopted by the Association of American Plant Food Control Officials.

Information regarding the contents and levels of metals in this product  
is available on the Internet at <http://www.regulatory-info-sb.com>.

**CAUTION: DO NOT SWALLOW. KEEP OUT OF REACH OF CHILDREN AND PETS.**
