For Agricultural or Commercial Use Only
For use as a quarantine treatment against imported fire ants and for balladed and containerized nursery stocks

SITE
Ornamentals – trees, shrubs, plants, flowers, conifers, Christmas trees, Non-bearing fruit and nut trees and bushes
Herbs – Angelica, basil; basil; borage; burnet; chamomile; catnip; chervil; chive; chive; Chinese; clay; coriander (leaf); costmary; cress (leaf); curly (leaf); dill; dillweed; fennel; hyssop; lavender; lemongrass; lovage (leaf); marigold; marjoram; nasturtium; pansy; parsley; pennyroyal; rosemary; rue; sage; savory; summer and winter; sweet basil; tarragon; thyme; wintergreen; woodruff; and wormwood

USE PATTERN
Soil incorporation into potting media.

Application Directions for Potting Media
Measure the dry weight of a unit volume of the mix to determine its bulk density. Based on the length of control required, thoroughly mix the appropriate quantity (see chart below) of Bifenthrin Nursery Granular Insecticide using equipment which will provide uniform distribution in the potting media. For more even distribution, consider premixing Bifenthrin Nursery Granular with an appropriate amount of sand (1:10). Bifenthrin Nursery Granular is approved under the USDA Plant Protection Imported Fire Ant Quarantine Certification program when used in accordance with USDA guidelines. Use the recommended application rates given in the table below to obtain the length of control required for certification.

<table>
<thead>
<tr>
<th>Pest</th>
<th>App. Rate (ppm)</th>
<th>Potting Media Bulky Density* (lbs. Nursery Granular per Cubic Yard)</th>

<tr>
<td>Continuous</td>
<td>25</td>
<td>2.5</td>
</tr>
</tbody>
</table>

Comments: Using the chart as a guide, incorporate the appropriate amount of Bifenthrin Nursery Granular Insecticide into one cubic yard of potting media based on the known bulk density.

For General Use on Ornamental Plants outside the scope of USDA guidelines - Use the higher rates for extended residual control.

Dealers Should Sell In Original Packages Only

IMPORTANT INFORMATION READ BEFORE USING PRODUCT
CONDITIONS OF SALE AND LIMITATION OF LIABILITY
NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of this product should be followed carefully. The Directions for Use of this product reflect the opinion of experts based on field use and tests. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as manner of use or application, weather or crop conditions, presence of other materials or other influencing factors in the use of the product, which are beyond the control of Southern Agricultural Insecticides, Inc. or Seller. Handling, storage, and use of the product by Buyer or User are beyond the control of Southern Agricultural Insecticides, Inc. and Seller. All such risks shall be assumed by Buyer and User. SOUTHERN AGRICULTURAL INSECTICICIDES, INC. MAKES NO WARRANTIES OR IMPLIED WARRANTIES EXCEPT AS STATED ABOVE.

To the extent allowed by law, Southern Agricultural Insecticides, Inc., or Seller shall not be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF SOUTHERN AGRICULTURAL INSECTICICIDES, INC. AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES [INCLUD-ING AND NOT LIMITED TO LIABILITY FOR PROPERTY DAMAGE, LOSS OF PROFITS, BUSINESS INTERRUPTION, STRICT LIABILITY OR OTHERWISE] RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT SHALL BE, AT THE ELECTION OF SOUTHERN AGRICULTURAL INSECTICICIDES, INC. OR SELLER, THE REPLACEMENT OF THE NONCONFORMING PRODUCT, OR COMPENSATION LIMITED TO DAMAGES NOT EXCEEDING THE FAIR MARKET PURCHASE PRICE, AND SHALL NOT INCLUDE INCIDENTAL OR CONSEQUENTIAL DAMAGES.

Southern Agricultural Insecticides, Inc. and Seller offer this product, and Buyer and User accept it, subject to the inherent risks associated with the use of this product. The use of this product contrary to label instructions, or under abnormal conditions or under conditions not reasonably foreseeable to or beyond the control of Seller or Southern Agricultural Insecticides, Inc., and Buyer and User assume the risk of any such use. SOUTHERN AGRICULTURAL INSECTICICIDES, INC. MAKES NO WARRANTIES OR IMPLIED WARRANTIES EXCEPT AS STATED ABOVE.

** Including Japanese Beetle, Oriental beetle, European chafer larvae (bulk density = laboratory determined dry weight of a unit volume of potting media)

Precautionary Statements
CAUTION: Read Before Using

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Not for use on plants being grown for sale or other commercial use, or for commercial seed production, or for research purposes. For use on plants intended for aesthetic purposes or climate modification purposes, ornamental gardens or parks, or lawns or grounds. Do not use this product in a way that will contact workers or others persons, either directly or through drift. Only protected handlers may be in the area during application. For any restrictions specific to your State or Tribe, contact the agency responsible for pesticide regulation.

Environmental Hazards
This product is extremely toxic to fish and aquatic invertebrates. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark.

Do not apply when weather conditions favor drift from treated areas. Drift and run-off from treated areas may present a hazard to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment washwaters or rinsates.

Directions for Use
If on skin or clothing: Take off contaminated clothing. * Rinse skin immediately with plenty of water for 15-20 minutes. * Call a poison control center or doctor for treatment advice.

FIRST AID
If on skin or clothing: Take off contaminated clothing. * Rinse skin immediately with plenty of water for 15-20 minutes. * Call a poison control center or doctor for treatment advice.

Not to be ingested; Take off contaminated clothing. * Rinse skin immediately with plenty of water for 15-20 minutes. * Call a poison control center or doctor for treatment advice.

Personal Protective Equipment (PPE): Application and/or Oral Dosing must be done by specially trained individuals. - Long-sleeved shirt and long pants. - Waterproof gloves. - Shoes and socks. - Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. - Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. - Remove PPE immediately after handling product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

Storage and Disposal
Prohibitions: Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage: Keep out of reach of children and animals. Store in original containers only. Store in a cool, dry place and avoid excess heat. Carefully open containers. After partial use close tightly. In case of spill, avoid contact, isolate area and keep out animals and unprotected children. Disposal of Empty Containers: Place containers into suitable waste disposal containers.

To Confine Spill: Cover to prevent dispersal. Place damaged package in a holding container. Securely contain the waste.

Toxicity: Pesticide Poisoning: Awaiting or health professionals.

Container Disposal: Paper and plastic bags: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning. It burned, stay out of smoke.
