

# EB MIX<sup>®</sup>

**Chelated Solution**

**Recommendation For Use:**

EB Mix is recommended as a foliar or soil applied fertilizer for use on any food or fiber crop where the addition of one or more of the nutrients contained in EB Mix would be beneficial.

A number of variables influence the rate of application necessary to control or correct a specific deficiency. For best results, follow good agronomic practices, soil test and, if necessary, use tissue analysis.

**Foliar Application:**

Apply 1 to 2 quarts/acre prior to or immediately after deficiency symptoms occur to prevent or alleviate losses from nutrient deficiencies. Spray carrier (water) volumes of 10 to 20 gallons per acre (ground) or 5 gallons per acre (air) are recommended for best results. When deficiency symptoms are severe, a repeat application of 1-2 quarts/acre may be needed 2 or more weeks following the initial application.

**Soil Application:**

Apply 1 to 2 quarts/acre as a starter fertilizer in a balanced fertility program.

**READ LABEL -- FOLLOW DIRECTIONS**

**Mixing Instructions when tankmixing with Glyphosate:**

- 1) Start with a clean spray tank.
- 2) Fill the spray tank 1/3-1/2 full of water.
- 3) While continuing to fill with water add water conditioning product such as Cornbelt N-Tense or Ammonium Sulfate at recommended rates.
- 4) Add EB Mix
- 5) Add glyphosate herbicide
- 6) Fill remainder of tank and agitate

**Note:** All micronutrient additives have the potential to cause antagonism of glyphosate herbicides. A quality water conditioner such as Cornbelt N-Tense or Ammonium Sulfate is recommended to help to alleviate antagonism potential.

Excessive use of Boron containing products may cause Boron toxicity on some crops. Do not exceed recommended rates of Boron for the crop that this product is being applied.

**Notice:**

Seller warrants that the material contained herein conforms to the chemical description on the label and is reasonably fit for the use therein described when used in accordance with the directions for use. Seller makes no other warranty of any kind with respect to the product. The warranty does not extend to use of this product contrary to the label instructions, or under abnormal condition or under conditions not reasonably foreseeable to seller and buyer assumes the risk of any such use.

Refer to MSDS for health, safety, and environment information.

**Caution:** Harmful if swallowed. Avoid contact with eyes, skin, and clothing. Avoid breathing spray mist.

IN CASE OF CONTACT: **Ingestion:** Give large quantities of water or milk if conscious. Contact physician. **Eye Contact:** Flush eyes with water for 15 minutes. Contact physician. **Skin Contact:** Remove contaminated clothing and wash skin with soap and water. If irritation persists, seek medical attention.

**Inhalation:** Remove to fresh air. Seek medical attention if irritation persists.

**CAUTION: Keep Out of the Reach of Children.**

Container Disposal: Do not reuse empty containers. Triple rinse (or equivalent), then offer for recycling or disposal by procedures approved by state or local authorities.
