

A Multi-Functional Water Conditioner (AMS) and Activator Adjuvant

# Reply L

**SPRAY ADJUVANT**

**PRINCIPAL FUNCTIONING AGENTS:**

A proprietary blend of ammonium sulfate, organic acids, plant extracts and ethoxylated surfactants.....38%

INERT INGREDIENTS: Ineffective as a spray adjuvant:.....62%

TOTAL.....100%

EPA Reg. No. Exempt

Proprietary Protected Technology

**SHAKE WELL BEFORE USING**  
**KEEP OUT OF REACH OF CHILDREN**  
**PRECAUTIONARY STATEMENTS**

**Hazards to Human and Domestic Animals**

Avoid contact with skin, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Wear chemical-resistant gloves, long-sleeved shirt and long pants, and shoes plus socks as needed.

Manufactured For:  
CNI, INC.  
NET CONTENTS: 2 x 2.5 GALLONS LIQUID

## PRECAUTIONARY STATEMENTS

### Hazards to Human and Domestic Animals

Avoid contact with skin, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Wear chemical-resistant gloves, long-sleeved shirt and long pants, and shoes plus socks as needed.

### FIRST AID

**If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

**If in eyes:** Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

**If swallowed:** Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

**If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

## GENERAL INFORMATION

**REPLY L** is a multifunctional nutritional/sequestrant/activator system designed to enhance absorption and retention of herbicides and pesticides. **REPLY L** is also a water conditioning agent, which improves the performance of pesticides affected by hard water ions. **REPLY L** fits applications that request the addition of nitrogen based, ammonium sulfate, sequestrant conditioning additives and surfactant activity. **REPLY L** helps to overcome plant stress associated with some herbicide applications.

## DIRECTIONS FOR USE

**REPLY L** may be used with all registered products in the following applications: Agriculture, Forestry, Horticultural, Industrial and Non-Cropland uses.

### Use Rates:

**Ground:** Mix 4 to 8 quarts of **REPLY L** per 100 gallons of spray solution.

**Aerial:** Use ½ to 1 pint per acre.

## MIXING

Add **REPLY L** to the spray tank first before adding other tank mix products. Fill tank ⅓ to ½ with water and begin agitation. Continue filling spray tank with water and add additional tank mix materials as directed on their label (s).

**PHYTOTOXICITY PRECAUTION:** Under some environmental conditions, some pesticides or pesticide combination may cause phytotoxicity on growing plants. Adjuvant products such as this product may increase the chance or the intensity of phytotoxicity. Use this product in a manner consistent with individual pesticide product recommendations.

**STORAGE AND DISPOSAL:** Keep in original container. Store above 32° F. Triple rinse (or equivalent) during mixing or loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at [www.acrecycle.org](http://www.acrecycle.org). Decontaminated containers may also be disposed of in a sanitary landfill.

**LIMITED WARRANTY:** The use of this material being beyond our control and involving elements of risk to human beings, animals, and vegetation, we do not make any warranty, express or implied, as to the effects of such use, when this product is not used in accordance with the directions as stated on this label.
