DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

APPLICATION INSTRUCTIONS: Turn nozzle to "spray" or "stream". Spray 6 to 8 inches from surface.

Fruit and Vegetable Treatment Fruit and Vegetable Wash: Rinse with clean water to remove excess soil. Spray all fruit or vegetable surfaces until wet with OxiDate Ready to Use. Rub produce for 30-60 seconds. Thoroughly rinse produce under clean running water to remove soil and excess cleaner.

Plant Disease Treatment Vegetables, Fruit Trees, Flowers, Ornamentals, Houseplants, Trees and Shrubs: Apply at the first sign of disease. Apply OxiDate Ready to Use to all plant surfaces. Spray foliage to point of runoff. Apply consecutive treatments until control is achieved.

Note: OxiDate Ready to Use has not been tested on all plant species, it is always advisable to test OxiDate Ready to Use on a small number of plants before treating large numbers. Do not apply to wilted plants.
