

BREAKER 1

DEFOAMER - ANTIFOAM

KEEP OUT OF REACH OF CHILDREN
CAUTION

SEE ADDITIONAL PRECAUTIONARY STATEMENTS INCLUDED ON THE CONTAINER LABEL.

PRINCIPAL FUNCTIONING AGENT:

Dimethylpolysiloxane 10%

CONSTITUENTS INEFFECTIVE AS A SPRAY ADJUVANT 90%

Total **100%**

All ingredients are exempt from tolerance requirements under 40 CFR 180.

SN: 000-061709

EPA Est. No. Used Corresponds To

Letter In Lot No.: A-52467-IL-001

B-1386-OH-1

Net Contents:

1 Gallon (3.785 Liters)

Manufactured For:
Universal Crop Protection Alliance, LLC
1300 Corporate Center Curve
Eagan, MN 55121

UCPA

CAUTION

KEEP OUT OF REACH OF CHILDREN

Avoid eye and skin contact. Avoid breathing spray mist. Wear chemical resistant gloves, long sleeve shirt and pants, socks and chemical resistant footwear. Read and follow all label directions and precautionary statements on all products used.

FIRST AID	
Call a poison control center or doctor immediately for treatment advice.	
IF SWALLOWED:	Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF ON SKIN OR CLOTHING:	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.
IF INHALED:	Move person to fresh air. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth to mouth if possible.
IF IN EYES:	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye.
Have product container with you when calling a poison control center or doctor, or going for treatment.	
HOT LINE NUMBER	
For 24 Hour Medical Emergency Assistance (Human or Animal) call 1-800-308-1241 or for Chemical Emergency Assistance (Spill, Leak, Fire, or Accident) call CHEMTREC at 1-800-424-9300.	

GENERAL INFORMATION

BREAKER 1 is a water-based, silicone emulsion, antifoam agent and defoamer. **BREAKER 1** can be used to prevent foam formation or knock down existing foam. Use rates for **BREAKER 1** depends directly on temperature, composition, viscosity, agitation and other various conditions; therefore rates may require adjustment for the most effective dosage. Generally, use rates are lower when used as an antifoam to prevent or reduce foam formation.

DIRECTIONS FOR USE

Use **BREAKER 1** at 1/2 - 1 oz. per 100 gallons of solution. It may be necessary to adjust the amount used according to individual conditions. In situations where foam develops after the fluid level drops, stop agitation and add the recommended dosage of **BREAKER 1**.

When foaming develops in urea water solutions, it may be necessary to use more **BREAKER 1**.

HANDLING AND STORAGE

DO NOT FREEZE. For optimum storage stability, store at temperatures between 40°F (5°C) and 90°F (32°C). **BREAKER 1** will become thicker in cold weather and freeze. Freeze and thaw cycles can cause the emulsion to separate. Testing has shown that freezing can significantly affect performance. Warming and shaking the container may help restore the material to its normal consistency. Do not store near oxidizing agents.

CONTAINER DISPOSAL

Store in cool, dry area. Keep in original container. Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading then offer container for recycling or reconditioning, or puncture and dispose of in a sanitary landfill. Do not contaminate water when cleaning equipment or disposing of equipment wash waters. Dispose of container in a safe manner in accordance with federal, state, and local regulations. Recycling decontaminated containers is the best option of container disposal.

WARRANTY

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label, when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.
