Sulfuric Acid

CAS #7732-18-5

Water

DANGER! MAY CAUSE BURNS TO EYES, SKIN, AND MUCOUS MEMBRANES

Harmful or fatal if swallowed. Water reactive material. Contact with water may generate violent release of heat. Do not get in eyes, on skin, or on clothing. Do not breathe vapor or mist. Do not taste or swallow. Keep container closed. Use with adequate ventilation. Wash thoroughly after handling. Wear appropriate personal protective equipment.

IMPORTANT: Diluting acids or caustics can be dangerous. Never add water to acid or caustic during a dilution process. Add acid or caustic to water slowly.

FIRST AID: In case of contact immediately flush eyes and skin with plenty of water for at least 30 minutes while removing contaminated clothing and shoes. Wash clothing before reuse. If swallowed do not induce vomiting. If victim is conscious and alert immediately rinse mouth with water and dilute the ingested material by giving 1 glass of milk or water to drink. Call a physician immediately.

IN CASE OF SPILL: Neutralize with lime caustic soda or soda ash. Cover with absorbant. Prevent runoff. Collect & dispose. Observe all government regulations.

IN CASE OF FIRE: Small fires: use dry chemical or CO₂. Large fires: use water fog.

ATTENTION: For industrial use only. Not for drug or household use. Keep out of reach of children. Emptied container retains vapor and product residue. Obey all label warnings. Do not cut or weld near full or empty container. Do not reuse this container unless thoroughly cleaned. Keep out of sun and away from sparks.

RETURNABLE CONTAINERS: Do not use pressure to empty. Drain container thoroughly before returning
