

CODE 50

12-0-0

Plus 5% B

CONTROLLED RELEASE NITROGEN PLUS BORON
NUTRITIONAL LIQUID CONCENTRATE

GUARANTEED ANALYSIS

Total Nitrogen (N)	12.00%
6.00% Urea Nitrogen	
6.00% Water Soluble Nitrogen*	
Boron (B)	5.00%

Derived from borates, urea, methylene diurea and methylene ureas.
 *6.00% Slowly Available Nitrogen from methylene diurea and methylene ureas.
 1 gallon contains 0.5 pounds of elemental Boron (B) and 1.24 pounds of Nitrogen (N).

KEEP OUT OF REACH OF CHILDREN

WARNING

May be harmful if swallowed
 May be harmful in contact with skin
 Causes serious eye irritation
 Causes mild skin irritation
 May be harmful if inhaled

USE WITHIN 9 MONTHS FROM DATE OF PURCHASE.

Contains Boron. Do not use on plants sensitive to Boron. Use of Boron on crops other than those recommended may result in serious injury to the crop.

WEIGHT PER GALLON: 10.6 lbs (4.81 kg) SN 022615

NET CONTENTS:

Information about the components of this lot of fertilizer may be obtained by writing to Helena Chemical Company, 225 Schilling Boulevard, Suite 300, Collierville, TN 38017 and giving the lot number which is found on the container.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

BEFORE USING THIS PRODUCT, READ ALL PRECAUTIONS, DIRECTIONS FOR USE, CONDITIONS OF SALE—LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES.

May be harmful if swallowed. May be harmful in contact with skin. Causes serious eye irritation. Causes mild skin irritation. May be harmful if inhaled. Avoid contact with eyes and prolonged contact with skin to avoid irritation. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco. Remove and wash contaminated clothing before reuse. Do not take internally. Avoid contact with or inhalation of the spray mist. Do not apply this product in such a manner as to directly expose workers or other persons. If product is being mixed with pesticides and/or spray adjuvants, follow all precautionary statements on the accompanying product(s) labeling. Not for human or animal consumption.

Personal Protective Equipment (PPE): Wear protective eyewear (goggles or face shield), chemical-resistant gloves, long-sleeved shirt and long pants, and shoes plus socks when using this product. Take off any contaminated clothing and wash before reuse.

FIRST AID	
IF SWALLOWED:	Call a poison center or doctor if you feel unwell: Rinse mouth.
IF IN EYES:	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center/doctor.
IF ON SKIN:	Remove contaminated clothing and wash skin with soap and water. If skin irritation occurs, get medical advice/attention.
IF INHALED:	Call a poison center or doctor if you feel unwell.

STORAGE AND DISPOSAL

Keep container tightly closed. May be stored in unheated area, but keep from freezing. Do not contaminate water sources by cleaning of equipment or disposal of rinse-water. Dispose of empty containers by triple rinsing (or equivalent) with water and pouring rinsate into spray tank. Recycle rinsed containers whenever possible or puncture and discard empty containers in a landfill in accordance with current local, state, International and federal regulations. For help in chemical emergencies involving spill, leak, fire or exposure, call toll free 1-800-424-9300.

GENERAL INFORMATION

0.403 lbs/gal of Nitrogen, out of 1.24 lbs/gal of the total Nitrogen in this product, is controlled release. This product is recommended for use as a supplement to a regular fertilizer program only. Foliar fertilization is intended as a supplement to a regular fertilizer program and will not by itself provide all the nutrients required by crops or other intended plants.

CORON® 12-0-0 Plus 5% B is a patented formulation combining a unique foliar fertilizer that contains amino modified methylene urea and boron. CORON® 12-0-0 Plus 5% B is intended as a supplement to a regular fertilizer program and will not, by itself, provide all of the nutrition needs for a crop. However, it can improve the general plant condition by providing safe effective foliar nitrogen and boron.

PRECAUTION: Use of this product in accordance with label directions is not expected to adversely affect normal vegetative and/or reproductive growth in most situations. However, various environmental and agronomic factors, such as crop stress associated with high temperatures and/or dry conditions, make it impossible to eliminate all risks associated with the use of the product; therefore, crop injury is always possible. The user assumes all risks of use and handling. In an effort to reduce the risk of crop injury, apply early morning or late evening.

GENERAL RECOMMENDATIONS

CORON® 12-0-0 Plus 5% B may be applied by air, ground or through irrigation systems. Use enough water for thorough, uniform coverage of foliage or soil. CORON® 12-0-0 Plus 5% B is compatible with most pesticides and other fertilizers, but a "jar test" is recommended for unfamiliar tank mixes to ensure compatibility.

The following is a guide for the use of CORON® 12-0-0 Plus 5% B as a plant nutrient. Rates and frequency of application will depend on individual management programs. Use of CORON® 12-0-0 Plus 5% B on any crops not listed on this table must be as a result of recommendations from your local agricultural authority.

ALFALFA, SUGAR BEETS, TREE and FRUIT CROPS, VEGETABLES⁽¹⁾

Alfalfa ⁽²⁾	Apply 1-2 quarts per acre.
Sugar Beets ⁽²⁾	Apply 1-2 quarts per acre.
Tree and Fruit Crops ⁽²⁾	Apply 1-4 quarts per acre.
Vegetables ⁽²⁾	Apply 1-2 quarts per acre.

COTTON

CORON® 12-0-0 Plus 5% B can provide safe and effective nitrogen and boron for cotton plants. Apply 1-4 quarts of CORON® 12-0-0 Plus 5% B per acre (or as recommended by your local agricultural authority) in sufficient water to ensure thorough coverage.

SOYBEANS⁽³⁾

CORON® 12-0-0 Plus 5% B provides safe effective nitrogen and boron to soybean plants. While useful as general nutritional supplement, CORON® 12-0-0 Plus 5% B can be applied at full bloom to early pod set to enhance fruit development and enhance yield. Apply 2-4 quarts per acre (or as recommended by your local agricultural authority) in sufficient water to ensure thorough coverage.

Note (1) FOR USE IN WISCONSIN: CORON® 12-0-0 Plus 5% B can be applied to crops commonly grown in Wisconsin and requiring a medium to high level of boron.

Note (2) Use in accordance with recommendations of a qualified individual or institution, such as, but not limited to, a certified crop advisor, agronomist, university crop extension publication, or apply according to recommendations in your approved nutrient management plan.

Note (3) Not for use on Soybeans in Wisconsin.

CONVERSION CHART

The following chart can be used as a guide for applying the correct rates of CORON® 12-0-0 Plus 5% B:

Pounds of Boron (B) to be applied per acre	Amount of CORON® to be applied per acre
0.1	26.0 ounces
0.2	3.2 pints
0.25	4.0 pints
0.50	1.0 gallon
1.00	2.0 gallons

STORAGE AND BLENDING INSTRUCTIONS

Store unblended material in closed container between 35°F and 90°F. Do not store in unmarked containers. Dilute with water and blend with other nutrients and pesticides only at the time of application and in the amounts required.

TANK MIXING

Add ½ total water to the tank.
 Turn on recirculation line.

Disclaimer: Always refer to the label on the product before using Helena or any other product.

Add prescribed amount of CORON® 12-0-0 Plus 5% B to tank.
Add liquid flowable materials.
Add any soluble powders.
Bring water to volume and recirculate before spraying.

**CONDITIONS OF SALE-LIMITED WARRANTY
AND LIMITATIONS OF LIABILITY AND REMEDIES**

Read the Conditions of Sale-Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded.

This label is believed to be reliable and must be followed carefully. Injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of Helena Chemical Company (the "Company") or seller. In addition, failure to follow label directions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law.

The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Helena Chemical Company's election, one of the following:

1. Refund of the purchase price paid by buyer or user for product bought, or
2. Replacement of the product used

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company and the seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
