

# AD-SPRAY™ 80

## Nonionic Surfactant

### PRINCIPAL FUNCTIONING AGENT:

Alkylphenol ethoxylate, 1,2 Propane Diol, and alcohol ethoxylate .....	80.0%
CONSTITUENTS INEFFECTIVE AS SPRAY ADJUVANT .....	20.0%
TOTAL .....	100.0%

\*All ingredients are accepted for use under CFR 40, 180.

### KEEP OUT OF REACH OF CHILDREN

## WARNING

May be harmful if swallowed  
May be harmful in contact with skin  
May be harmful if inhaled  
Causes mild skin irritation  
Causes eye irritation  
Combustible liquid

NET CONTENTS: □ 1 Gallon (3.785 Liters) SN 020515/0415  
□ 2.5 Gallons (9.46 Liters)  
□ 30 Gallons (113.55 Liters)  
□ 55 Gallons (208.18 Liters)  
□ 250 Gallons (946.25 Liters)

### MANUFACTURED FOR

HELENA CHEMICAL COMPANY

### PRECAUTIONARY STATEMENT

### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

## WARNING

**BEFORE USING THIS PRODUCT, READ ALL PRECAUTIONS, DIRECTIONS FOR USE, CONDITIONS OF SALE-LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES.**

May be harmful if swallowed. May be harmful in contact with skin. May be harmful if inhaled. Causes mild skin irritation. Causes eye irritation. Combustible liquid. Keep away from heat/sparks/open flames/hot surfaces. Avoid contact with eyes and prolonged contact with skin to avoid irritation. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco. Remove and wash contaminated clothing before reuse. Do not take internally. Avoid contact with or inhalation of the spray mist. Do not apply this product in such a manner as to directly expose workers or other persons. If product is being mixed with pesticides and/or spray adjuvants, follow all precautionary statements on the accompanying product(s) labeling. Not for human or animal consumption.

**Personal Protective Equipment (PPE):** Wear protective eyewear (goggles or face shield), chemical-resistant gloves, long-sleeved shirt and long pants, and shoes plus socks when using this product. Take off any contaminated clothing and wash before reuse.

### FIRST AID

#### IF SWALLOWED:

- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious or convulsing person.

#### IF IN EYES:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

#### IF ON SKIN OR CLOTHING:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

#### IF INHALED:

- Move person to fresh air.
- If not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth, if possible.
- Call a poison control center or doctor for further treatment advice.

### HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-424-9300 for emergency

medical treatment information.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**STORAGE:** Store in original container only, in a well-ventilated place. Keep cool. Keep container tightly closed. Do not allow water to be introduced into the contents of this container. Do not store near heat or open flame. Do not store with oxidizing agents or ammonium nitrate. Keep locked up and out of the reach of children.

**CONTAINER DISPOSAL:** Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading and add rinse water to spray tank.

Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at [www.acrecycle.org](http://www.acrecycle.org). Decontaminated containers may also be disposed of in a sanitary landfill.

For help in chemical emergencies involving spill, leak, fire or exposure, call toll free 1-800-424-9300.

### GENERAL INFORMATION

AD-SPRAY™ 80 incorporates the properties of a nonionic wetter/spreader surfactant when used in pesticidal spray mixtures. AD-SPRAY™ 80 is designed to quickly wet and spread a more uniform spray deposit over leaf and stem surfaces. AD-SPRAY™ 80 can positively affect pesticide spray application and pesticide efficacy. AD-SPRAY™ 80 is recommended for use with those pesticides whose label recommends a nonionic wetter/spreader type adjuvant or nonionic surfactant. **NOT FOR AQUATIC USE.**

### DIRECTIONS FOR USE

The addition of an adjuvant to some pesticides or pesticide tank mix combinations may cause phytotoxicity to the foliage and/or fruit of susceptible crops. Prior to the addition of AD-SPRAY™ 80 to spray mixes, the user or application advisor must have experience with the combination or must have conducted a phytotoxicity trial or must take the recommendations from the labels of the product to be tank mixed.

For most applications, use enough AD-SPRAY™ 80 to allow for uniform wetting and deposition of the spray onto leaf and stem surfaces without undue runoff.

**\*General Use:** Use 1-4 pints per 100 gallons of spray.

**\*Note:** The above use recommendations are considered to be adequate for most uses. Some pesticides, however, may require higher or lower rates for optimum effect. Follow the pesticide label directions when this occurs.

AD-SPRAY™ 80 lowers the surface tension of water and improves the wetting and spreading action of water used in mechanical cotton pickers to wet the picking spindles.

**Cotton Pickers:** Use 4 oz. of AD-SPRAY™ 80 per 25 gallons of water in picker tank.

**Gins:** Use 1 pint of AD-SPRAY™ 80 in 100 gallons of water for restoring moisture to cotton. **Note:** For both of the above applications, add AD-SPRAY™ 80 to the mixing tank when it is about one-half full. Continue filling and mix thoroughly to ensure uniform distribution.

### MIXING

Prior to any pesticide application all spray mixing and application equipment must be cleaned. Carefully observe all cleaning directions on the pesticide label.

Fill spray tank one-half full with water and begin agitation. Add pesticides as directed by labeling or in the following sequence:

1. Dry flowables or water dispersible
2. Wettable powders
3. Flowables granules
4. Solutions
5. Emulsifiable concentrates

and continue filling. Add AD-SPRAY™ 80 last and continue agitation.

### CONDITIONS OF SALE-LIMITED WARRANTY

### AND LIMITATIONS OF LIABILITY AND REMEDIES

**Read the Conditions of Sale-Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded.**

The directions on this label are believed to be reliable and must be followed carefully. Insufficient control of pests and/or injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of Helena Chemical Company (the "Company") or seller. In addition, failure to follow label directions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law.

The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Helena Chemical Company's election, one of the following:

**Disclaimer:** Always refer to the label on the product before using Helena or any other product.

1. Refund of the purchase price paid by buyer or user for product bought, or
2. Replacement of the product used

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company and the seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
