PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER

BEFORE USING THIS PRODUCT, READ ALL PRECAUTIONS, DIRECTIONS FOR USE, CONDITIONS OF SALE-LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES.

Harmful if swallowed. May be harmful in contact with skin. Causes serious eye damage. Causes skin irritation. May be harmful if inhaled. May cause damage to organs (Central nervous system) through prolonged or repeated exposure via inhalation. Keep product locked up and out of the reach of children. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco. Remove and wash contaminated clothing before reuse. Do not take internally. Avoid contact with or inhalation of spray application mist if present. Do not apply this product in such a manner as to directly expose workers or other persons. If product is being mixed with pesticides and/or spray adjuvants, follow all precautionary statements on the accompanying product(s) labeling. Not for human or animal consumption.

Personal Protective Equipment (PPE): Wear protective eyewear (goggles or face shield), chemical-resistant gloves, long-sleeved shirt and long pants, and shoes plus socks when using this product. Take off any contaminated clothing and wash before reuse.

FIRST AID		
IF IN EYES:	•	Rinse cautiously with water for several minutes. Remove
		contact lenses, if present and easy to do. Continue rinsing.
	•	Call a poison control center or doctor for treatment advice.
IF SWALLOWED:	•	Call a POISON CENTER or doctor immediately.
	•	Rinse mouth. Do NOT induce vomiting.
	•	Do not give anything by mouth to an unconscious person.
	•	Immediately call a POISON CENTER or doctor.
IF INHALED:	•	Move person to fresh air and keep at rest in a position
		comfortable for breathing if they feel unwell.
	•	If not breathing, call 911 or an ambulance, then give artificial
		respiration, preferably mouth-to-mouth if possible.
	•	Call a POISON CENTER or doctor for treatment advice.
IF ON SKIN OR	•	Take off immediately all contaminated clothing. Rinse skin
HAIR:		with water or shower.
	•	Get medical attention if irritation develops or persists.
	•	Wash contaminated clothing before reuse.
HOT LINE NUMBER	•	

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-424-9300 for emergency medical treatment information.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in original container only. Keep container tightly closed. Do not allow water to be introduced into the contents of this container. Do not store near heat or open flame. Do not store with oxidizing agents or ammonium nitrate. Keep locked up and out of the reach of children.

CONTAINER DISPOSAL: Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading and add rinse water to spray tank. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

For help in chemical emergencies involving spill, leak, fire or exposure, call toll free 1-800-424-9300.

GENERAL INFORMATION

TRACITE® MZMF is a micronutrient compound formulated with a chelating agent derived from the natural organic sugars of glucoheptonic acids. These sugar acids have the capacity to form multi-bond, water soluble complexes with various metal ions resulting in an exceptionally stable product. The micronutrient stays soluble and mobile and does not react with soil or fertilizer. TRACITE® MZMF is non-phytotoxic and is safe to use as a foliar nutrient. Glucoheptonate is a natural sticking agent making it very effective for foliar application.

DIRECTIONS FOR USE

TRACITE® MZMF can be used on citrus crops for the prevention and correction of micronutrient deficiencies.

TRACITE® MZMF readily mixes in water and is compatible with most pesticides.

MIXINO

Due to the variety of chemicals and uses, it is advisable to test compatibility before mixing. In any mixing operation, introduce TRACITE® MZMF in the following sequence:

- 1) Water
- 2) TRACITE® MZMF
- 3) Other Fertilizers or Pesticides

Agitate thoroughly.

APPLICATION GUIDE

CROPS: Citrus

RATES: 2 quarts to 2 gallons per acre. WATER VOLUME: 10 gallons minimum by air.

30 gallons minimum by ground if using Kertech sprayer or 80-800 gallons per acre if using conventional or airblast spraying

equipment.

CONDITIONS OF SALE-LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale–Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full price will be refunded.

This label is believed to be reliable and must be followed carefully. Injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of Helena Chemical Company (the "Company") or the seller. In addition, failure to follow label directions may cause injury to crops, animals, man

<u>Disclaimer:</u> Always refer to the label <u>on the product</u> before using Helena or any other product.

or the environment.
